Honorable City Council:

Re: Correction of Legal Entity Development: 690 W. Bethune

On July 27, 2007, (J.C.C. Pgs. 2212-2213), your Honorable Body authorized the sale of the above captioned property to New Center Pavilion Limited Dividend Housing Association, a Michigan Limited Partnership, for the continued use of the property as parking for the tenants of the New Center Pavilion Apartments.

It has come to our attention that the name of the legal entity was issued in error. Accordingly, the sale to New Center Pavilion Limited Dividend Housing Association, a Michigan Limited Partnership should be amended to show NCP Limited Dividend Housing Association, a Michigan Limited Partnership, as the buyer. This developer possesses the qualifications and has indicated potential financial resources necessary to acquire and develop the land in accordance with the Development Plan.

We, therefore request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution to reflect a name change in the purchaser from New Center Pavilion Limited Dividend Housing Association, a Michigan Limited Partnership to NCP Limited Dividend Housing Association, a Michigan Limited Partnership.

Respectfully submitted,

DOUGLASS J. DIGGS

#### MEMBER REPORTS

**WATSON:** I Support the call of State Representative Rashida Tlaib who held a public hearing on March 2, 2009, regarding the compost facility systematic recycling. I voted against the systematic recycling. Many citizens are requesting that we close this facility because of the ill effects causing suffering in the community because of this composting facility operating in Southwest Detroit.

**I would like the Law Department and Research and Analysis Division to work with Wayne County Inspectors and the Michigan Department of Environmental Equality to see what can be done to assure that systematic recycling does not automatically receive a renewal.** I am asking this at the request of State Representative Rashida Tlaib.

*Amalgamated Transit Union*, Mr. Henry Gaffney, forwarded a letter asking that they be included in all of the conversations regarding Light Rail in the City of Detroit. DDOT, People Movers and everyone from the City should be involved in the moving forward of Light Rail in the City of Detroit.

*New Hope Community Association formerly the 37-4300 Vicksburg St. Block Club* states that there are some dangerous implements in their neighborhood. **I am asking environmental, Department of Public Works, Buildings and Safety Engineering to investigate and report. I am routing this to Public Health and Safety Committee.**

I have received a *complaint regarding 5064 Baldwin*. Citizens have been trying to have this property demolished for years due to unsafe conditions and no utility services.

*Several Block Grant recipients are requesting the City Council consider asking City Planning Commission for a waiver on the Public Service CAFR Community Development Block Grant Funds.* As of now, the CAFR is 15% of the allocation received by Detroit. They say that the City could ask HUD for a waiver and get permission to raise that CAFR to 25% as other big cities have done in order to address the emergency needs faced by our citizens who

cannot afford to stay in their homes, pay their bills, and feed their family. They are asking that this Body consider giving this assignment to the City Planning Commission and the Planning and Development Department. I am grateful that they did the research and I **am hoping that my colleagues will support that assignment and forward it to the City Planning Committee.**

**S. COCKREL:** All offices of Council were present at the Hearing regarding Composting Facility. **I would like to ask that Research Analysis Division and City Planning Commission to investigate this matter.** Citizens of River Rouge have filed litigation. I think Wayne County has been considering legal approaches. We will need to review the legal approaches and obtain as much information as possible. **I ask the City Planning Commission to review the current state of the facility and give an update report on their findings.** I understand that there are piles of rotting leaves. There needs to be a strategy to handle any debris abandoned by Systematic at this facility.

**KENYATTA:** No report.

**TINSLEY-TALABI:** No report.

**REEVES:** The next Entrepreneur Task Force Meeting will be in the Committee of the Whole Room on Wednesday, March 11, 2009. I am asking all who are looking for funding a new business or have a new business to join us in at the Committee of the Whole Room.

**JONES:** I would like to announce a Town Hall meeting for Wednesday, March 11, 2009 from 6:00 p.m. to 8:00 p.m. at International Brotherhood Electrical Workers, Local 58, 1358 Abbott St. and we are inviting all to attend.

**PRESIDENT CONYERS:** I have directed a memorandum to the Police Department asking why were all the members in vice squad suspended on Friday, February 27, 2009.

I submitted a memorandum to the Mayor's office relating to Synagro. The farmers were getting all of the sludge. The City is burning the sludge and the farmers are not getting any of it. It is costing million of dollars to burn the sludge. **I want to know why we are paying million of dollars to have the sludge hauled to the incinerator as opposed to the farmers.**

**PUBLIC COMMENTS**

**Mr. Tyrone Travis** spoke on the analysis that Mr. David Whitaker, Attorney for City Council, presented to Council on March 5, 2009, concerning the Section 4-119 veto. He stated that the true reading of this Session states, "Every ordinance resolution of the City Council except quasi judicial act of the City Council including any under Section 9-302 appointments by the City Council or action taken under Section 2-107, 4-102 and 4-108. Section 4-108 states that on March 24 the vote was in the majority, 5-3. If it is in the majority, the Mayor does not have a veto. Information given to the Council was misleading in thinking that the Mayor has all rights to veto. If you are going to court, base it on the Charter because the Charter clearly states that the Mayor cannot veto a majority vote by the Council.

**Mr. Holloway** spoke in support of Mr. Travis's statement. He stated that the final vote was "No" and we should not have to go to court.

**Mr. Robert Townsend** stated that he read the original 27 pages of House Bill 1630 and the final draft of House Bill 1630. If anyone takes the time to read the entire pages, they would have to vote against it. This Bill grants separate entities

at Cobo Hall. The State cannot have anything to say with this private entity. Another covenant in the Bill states land that they do not have, land that surrounds Cobo Hall to grant them easement rights; you grant them right-a-way rights.

**John Riehl, President of AFSCME, Local 207:** I am in support of City Council position to get legal representation on challenging the Mayor's veto on the Cobo deal. It is important that these crucial gems remain part of our City. Without our Unions, the City Council and the citizens' support and input before cutting these deals, I think these deals are greatly flawed. I would like to focus your attention on the violation of the Privatization Ordinance in Judge Murphy's Order and I have copies for everyone. I would also like to use this opportunity to keep the jobs in the Water Department and well as jobs in Cobo Hall.

**Ms. Edwards** spoke in support of keeping Cobo for the City of Detroit.

**Mr. R. Wright, (J.W. Bar B-Q)** stated that a shopping mall would be wonderful on the river. We researched means of using the stimulus money rather than money from the state for this project. By using our technology in using solar panels program and wind turbine programs, we can get funds straight to Detroit.

If there are million dollars allocated to Cobo Hall, why does it have to come through an Authority? Why cannot they allocate that money directly to City Council to oversee and make sure the money goes for Cobo Hall. There is no reason we should give up Cobo Hall over a deficit of 15 million dollars.

**Ms. Sylvia Henderson** asks that the Council reconsider the matter of Cobo Hall. We cannot talk about owning something when we cannot afford to take care of something. This needs to be a shared project. I think Council needs to renegotiate this entire matter. It does not matter who owns it if it is working and serving the people.

**Sister Alberta**, Child Coordinator: Because of the short term of the Mayor, is he in a position to make a decision? Why should he have a decision on anything?

**Mr. D. Little** spoke in support of City Council to reject the State to take over Cobo Hall.

**RESOLUTION**

By COUNCIL MEMBER KENYATTA:

WHEREAS, The Detroit City Council is authorized by Section 4-121 of the Detroit City Charter to obtain, relative to "any matter pending before it" the services of "an outside attorney," meaning "an attorney who can act independently of the Corporation Counsel;" and

WHEREAS, The Detroit City Council from time to time has found it appropriate to exercise this authority; and

WHEREAS, The Detroit City Council anticipates a recurring need for such services; and

WHEREAS, The Detroit City Council has previously found it to be expeditious and economical from time to time to formally utilize the services of its Research and Analysis Director, singly or in concert with a private attorney, as Special Counsel; NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, pursuant to Section 4-121 of the Detroit City Charter, may designate David D. Whitaker, Director of the Research and Analysis Division, or his designee who will be a licensed attorney on the Research and Analysis Division staff, as Special Counsel to the Detroit City Council, to provide such legal services as City Council may request; with the understanding that David D. Whitaker or his designee will also continue to serve in his or her usual capacity and will receive no additional compensation for services rendered as Special Counsel

And the Council then adjourned.

6. Submitting report relative to Gaming Tax Revenue through January 2009 and prior fiscal years. **(Department indicates that the 2008-2009 budgeted revenue for gaming fees is \$194,078,000.00, a projected deficit of \$11,009,000.00 for this fiscal year, however the City collected \$12,097,000.00 in gaming tax revenue in the seventh month of the fiscal year which is \$3,007,000.00 less than the prior month of December; January 2009 collection was a 5.8% decrease over January 2008; comparing revenue collections between fiscal years, the first seven months of FY 2009 show collections of \$103,052,000.00 whereas the first seven months of FY 2008 reported \$108,047,000.00 a 4.78% decrease; Adjusted Gross Casino Gaming receipts came in at \$106,916,000.00 for the month of Janu-**

ary 2009 which represents a 2.37% increase over the prior month and a 5.83% decrease over January 2008. In a different comparison, the first seven months of the current fiscal year compared with the same time period in the prior fiscal year shows that receipts are down by 2.22%. There is not a one-to-one relationship between the adjusted gross receipts and the tax revenue collection increases due to two factors; MGM and Motor City casinos began paying the city 1% less because of the permanent casinos opening on October 3 and November 29, 2007 respectively, part of state Public Act 306 of 2004, when the legislature amended public Act 69 of 1997, etc. and the amended development agreement of August 2002 between the city and the casinos, separate from state law, has all casinos, beginning January 2006, paying an additional 1% over the state law. Plus another 1% when the casino reaches \$400,000,000.00 in gross receipts in a calendar year.)

Honorable City Council:

Re: Veto of *Resolution to Reject the Transfer of Cobo Convention Center to an Authority.*

The City Clerk has forwarded to me for my approval, or veto, a *Resolution to Reject*

*the Transfer of Cobo Convention Center to an Authority* (hereinafter referred to as "Resolution") that was adopted by your Honorable Body on February 24, 2009 by a vote of 5-3. For the reasons stated below, I hereby veto the Resolution.

As we all know, Cobo Convention Center was built by the City of Detroit, which has operated the facility for over 50 years. Currently, the City of Detroit General Fund subsidizes Cobo Center in the amount of approximately \$15 million each fiscal year. By transferring the facility to the Authority, the City's cost will be reduced by approximately \$15 million each fiscal year. This will assist in the elimination of the City's deficit, and make available additional funds devoted to our core mission — delivery of services to the people of Detroit or to avoid additional city employee layoffs. In the same vein, the City of Detroit will not be responsible for the estimated \$200 million in repairs that Cobo Center desperately needs.

On February 10, 2009, your Honorable Body's Fiscal Analyst issued a report titled "*Recommend [T]hat City Council Not Disapprove the Transfer of the Cobo Hall Convention Center to the Regional Convention Facility Authority*". When recommending that the Council chose not to disapprove the transfer, he aptly summarized the financial consequences resulting for the City of Detroit if Cobo Convention Center is or is not transferred:

I agree with George Jackson, President of the Detroit Economic Growth Corporation, that if [Y]our Honorable Body elects not to disapprove the transfer of Cobo Hall Convention Center to the newly established Regional Convention Facility Authority, the City of Detroit would enjoy approximately \$500 million in "savings" between now and 2015 when the hotel and liquor tax would otherwise expire.

\*\*\*\*\*

Looking at the reverse direction, if the transfer does not take place, the City would be owning a major asset requiring substantial renovation (currently \$200 million), not [be] able to meet the needs of its biggest tenant (the Auto Show) and possess no revenue stream to pay for capital upgrades for the Cobo Hall facility (expired hotel/liquor tax), leading to a greater annual operating subsidy from the City of Detroit general fund." pp 8-9.

Based upon the report of your fiscal Analyst, the transfer will result in saving the City of Detroit up to \$500 million between now and 2015 and a failure to transfer will result in, at best, renovation costs in the amount of \$200 million. In addition, the city's annual fiscal year subsidy of \$15 million must be added to this cost. As Chief Executive for the City of Detroit, I cannot, in good conscience,

saddle the residents and businesses of this City with an added fiscal burden when a reasonable and long-term solution is at hand.

As Mayor of the City of Detroit, I will not allow Cobo Convention Center to lose its current prominence as a dominant magnet convention center for our city, our region, and our state. Recently, other cities have made noises about attracting conventions and shows, especially the North American International Auto Show, away from our facility. I will simply not let this happen on my watch.

In recent years, City elected officials have made wise decisions, to assure the continued vitality of our city. One example is the agreement entered into with the Founders' Society to operate the Detroit Institute of Arts. Another example is the building of Joe Louis Arena, after the Detroit Lions and Pistons had relocated outside the city limits, to keep the Detroit Red Wings in the city. A third example is the decision to acquire land and build Comerica Park and Ford Field, which allowed the city to retain the Detroit Tigers and for the Detroit Lions to return to their home City of Detroit. We must ensure that the Cobo Convention Center receives an infusion of capital for upgrading and enlargement so that it will not lose its dominance as a convention venue.

The deal that was negotiated among the City of Detroit, the Counties of Wayne, Macomb and Oakland, and the State of Michigan marks a new era in the relationships of our communities and this state. Importantly, pursuant to the negotiated legislation Cobo Convention Center, of course, will remain in the City of Detroit, and achieve both a shedding of costs to the city and the continued generation of jobs and economic development in our hospitality industry. We must do this not only for the City's fiscal well-being, but also for the futures of our children, our grandchildren, and our grandchildren's children.

For all of these reasons, I must **veto** the Resolution.

Respectfully,  
KENNETH V. COCKREL, JR.  
Mayor

Honorable City Council:  
Re: New Center Commons. Payment in Lieu of Taxes (PILOT).  
New Center Commons is an existing

PILOT, which is currently paying a service charge of the lesser of the tax before rehabilitation began of 10%. The development sits on five tax parcels and has a total of 71 dwelling units. One of the buildings consists of 8 studios, 44 one and 9 two-bedroom garden style units, the other building consists of 10 units, 8 of which are townhouse style. Ginosko Development Company who has formed GDC-NCC Limited Dividend Housing Association Limited Partnership is acquiring the development. The City of Detroit Home Investor Loan program and a mortgage from St. James Capital for 40 years at 6.50% are providing the funding. The partnership has also been awarded Low Income Tax Credits.

The planned rehabilitation to the development includes: parking lot repair, tuck pointing, replacement of some windows, mini blinds, new kitchen appliances, new kitchen cabinets and countertops and sinks, bathroom renovations. Other renovations includes replacement of carpeting in selected units, removal of carpet in hallways and common areas and adding resilient flooring, replace 60 gas fired boilers in one of the buildings and replacement of air conditioning units in another building. Other repairs will include replacement of doors and painting, etc.

In order to make this development economically feasible, it is necessary for it to receive the benefits of tax exemption under Section 15a of the State Housing Development Authority Act of 1996, (P.A. 346, as amended, MCLA125.1415A).

Tenants will occupy the units whose income does not exceed 60% of the area median income adjusted for family size. Four of the units will be occupied by families with incomes no greater than 25% of the area median income; eight of the units will be occupied by families with incomes no greater than 30% of the area median income; Twenty-five of the units will be occupied by families with incomes no greater than 40% of the area median income; thirty-four of the units will be occupied by families with incomes no greater than 60% of the area median income.

Adoption of the resolution by your Honorable Body will therefore satisfy the requirements of Public Act 346 and City Ordinance 9-90, as amended, by establishing a service charge of 7% on the net shelter rent.

Respectfully submitted,  
 J. CASTONE  
 Assessor

Honorable City Council:

Re: City Buy-Out Resolution.

At Formal Session on February 3, 2009, Council President Monica Conyers asked Research and Analysis to draft a resolution urging the Administration to review and consider the possibility of offering "buy-outs" to long term city employees in an attempt to help alleviate the current budget deficit. That resolution is attached.

Respectfully submitted,

DAVID D. WHITAKER  
Director

By Council Member Kenyatta on behalf of Council President Monica Conyers:

Whereas, The Administration maintains that the City of Detroit is facing an unprecedented budget deficit of up to or more than \$300 million with perhaps hundreds of employee layoffs and severe service delivery reductions; and

Whereas, Buy-outs of long serving employees may be a way of reducing the current and future deficits, decreasing the number of potential layoffs, maintaining City services to our residents, while at the same time resulting in cost savings to the City; and

Whereas, Corporations and companies from virtually every sector of the economy are offering buy-outs to their employees in an effort to decrease the number of individuals who must be laid off because of these hard economic conditions;

Now Therefore Be It

Resolved, That the Detroit City Council requests the Administration to study the possibility of buy-outs for long serving employees with the actual number of years and the conditions of the buy-outs to be determined relative to cost effectiveness;

And Be It Further

That the Detroit City Council urges the Administration to act on this issue of buy-outs as quickly as possible;

And Be It Finally

Resolved, That the Detroit City Council directs the City Clerk to send a copy of this approved resolution to Mayor Kenneth V. Cockrel, Jr.

Honorable City Council:

Re: Petition Number 2358 — Request for City Council Approval for the Transfer of Ownership of a Class "C" Liquor License, with a Michigan Liquor Control Commission Dance and Entertainment Permit from 450 Temple, Inc., to Olympia Entertainment, Inc., for a Group "A" Cabaret at the Masonic Temple, 500 Temple Street.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises is required to obtain the approval of the local legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded to this Body a Local Approval Notice (Request ID Number 440404), which has been designated by the City Clerk as Petition Number 2358. This Local Approval Notice requests approval by City Council of a request by Olympia Entertainment, Inc., for the transfer of ownership of a Class "C" liquor license, with a dance and entertainment permit, from 450 Temple, Inc. to Olympia Entertainment, Inc., for a Group "A" Cabaret at 500 Temple Street.

Chapter 61, Article XVII, Zoning Map Number 3, indicates that 500 Temple is in a B4 (General Business) zoning district and outside of the Central Business District. Pursuant to Section 61-9-82 of the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the use of

this location for a cabaret or for the sale of beer or intoxicating liquor for consumption on the premises are conditional land uses. The Buildings and Safety Engineering Department ("B&SE") has reported that the current land uses for 450-500 Temple includes assembly, club, dance hall, lodge, and theater pursuant to permits issued by the department from 1947 to 1983. The City business license history includes the issuance of Group "A" Cabaret, restaurant with a Class "C" liquor, and theater licenses for the location. A certificate of compliance, which expires October 1, 2009, has been issued for 500 Temple.

Pursuant to Section 5-7-1 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for an establishment open to the public which sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without dancing. B&SE Business License Center records indicate that Olympia Entertainment, Inc., has applied for a Group "A" Cabaret license for the location. Therefore, the use of this location for patron dancing or entertainment is permitted subject to compliance with all relevant state codes and rules and City ordinances.

After investigation and review, the Detroit Police Department Liquor License Unit, on behalf of the Chief of Police, has recommended the approval of the transfer of the liquor license, with a dance and entertainment permit, to Olympia Entertainment, Inc., for 500 Temple. A review of available records does not reveal any MLCC violations at the location within the preceding twelve (12) months.

Upon City Council's approval of the transfer of the liquor license, with a dance and entertainment permit, to Olympia Entertainment, Inc., the location will be approved for patron dancing and entertainment on the premises. Pursuant to Sections 916(1) and (2) of the Liquor Control Code, being MCL 436.1916(6)(1) and (2), the issuance of a dance or entertainment permit does not allow for adult entertainment, such as topless activity, in a licensed establishment.

Due to the fact that this request for approval of the issuance of a new dance and entertainment permit does not concern an activity permit for a nonconforming use under the Detroit Zoning Ordinance, Chapter 61 of the 1984 Detroit City Code, the consideration of this petition at this time is not affected by the Temporary Moratorium approved and extended by resolution of City Council on January 27, 2009. Therefore, the Law Department recommends that this matter be referred to the appropriate Standing Committee for review and consideration.

Attached is a proposed resolution approving the transfer of the liquor license, with a dance and entertainment permit, to Olympia Entertainment, Inc., for a Group "A" Cabaret at 500 Temple.

If there are any questions or concerns, please do not hesitate to contact our office.

Honorable City Council:

Re: Petition No. 3009 — Hubert Massey Murals, LLC request for encroachment of a monument/statue within the West Grand Boulevard right-of-way south of Warren Avenue.

Petition No. 3009 of "Hubert Massey Murals, LLC" whose address is 2267 Oakman Boulevard, Detroit, Michigan 48238 request permission to install a monument/statue to encroach into West Grand Boulevard, 200 feet wide, 33.00 feet from the West northbound curb lane and South 60.00 feet of the South right-of-way line of West Warren Avenue, 100 feet wide. This monument will recognize and honor individuals who have contributed to the Chadsey/Condon Community. This project is part of a city-wide public art initiative supported by The Skillman Foundation, Chase Bank, and Kresge Foundation.

Hubert Massey Murals LLC intends to build and install monument/statue to honor individuals within the community. This monument/statue will be made out of high quality Granite rock and have a petroglyphy carving on it that will sit upon a stone pedestal. The monument/statue will be approximately 8.00 feet in height and will extend approximately 42-inches below grade/ground; also the monument will have a width and length of 24-inches.

The petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) report that there is an existing storm sewer in the island location, however, DWSD has no objection to

the requested encroachment provided that the petitioner follow DWSD's provisions for the encroachment.

The Public Lighting Department (PLD) reports that no structure or barricades can be built over PLD installations or on existing utility easement areas. As per PLD requirements, any structures proposed to be built shall maintain 4'1/2" horizontal clearance from the PLD conduit bank and manholes, also 12" horizontal clearance for the overhead PLD lines and installations. The contractor should take necessary precautions not to damage PLD manholes and conduit banks, if they plan to use heavy earth moving equipment. The contractor will be liable for any damages to any PLD underground facilities. PLD require unrestricted easement rights with 24 hours heavy vehicles access to the requested area.

All other involved City departments and privately owned utility companies reported no objections or that satisfactory arrangements have been made.

**COUNCIL PRESIDENT MONICA CONYERS:**

Asked that the Water Rates Hearing scheduled for March 12, 2009 at 4:00 p.m. be scrolled on cable.

She also requested that RAD report on the Economic Stimulus Plan where it talks about money for water infrastructure repairs. Allegedly, the water rates are only being raised because the infrastructure needed to be repaired and if that is the case, then why should the water rates be raised if we're going to be getting money from the federal government to repair the infrastructure.

**COUNCIL MEMBER BRENDA JONES:**

Announced her Town Hall Meeting to be held Wednesday, March 11, 2009 from 6-8 p.m. at the International Brotherhood of Electrical Workers Hall at 1358 Abbott in Detroit.

**COUNCIL MEMBER MARTHA REEVES:**

Reported that she attended a memorial service yesterday for fallen musician Lionel Woodard and stated it was a wonderful gathering.

She also attended Tabernacle Church concert for Professor Carl Smith and that the choir was sensational.

She then announced that the Entrepreneurial Task Force Meeting will be held on schedule tomorrow, from 4-6 p.m. in the Committee of the Whole Room.

**COUNCIL MEMBER JOANN WATSON:**

Asked the division directors to provide support for a community discussion under the Quality of Life Task Force Meeting Friday at 2:30 for strategies to support Economic Stimulus money be received by the City of Detroit.

She also asked that there be a review by Research & Analysis Division, as she found 50 cities who have included convention center expansion and funding in their economic stimulus proposals and that the word that came from somebody in Lansing that convention center expansions/construction was ineligible for economic stimulus money is not correct. She also stated that it's being done all over the country and that city councils submitted most of the requests to governors. There was nothing submitted by this Council specifically for the economic stimulus and what the Mayor submitted never came to Council for approval.

She announced the Water Rate Hearing for Thursday, at 4:00 p.m. and she asked that RAD develop a flyer and for it to be scrolled. She also wants the citizens to understand that the whole reason the hearing is at 4:00 p.m. is so that citizens can come after work.

Ms. Watson stated that the Neighborhood & Community Services Standing Committee was given a proposal from Mayor Kilpatrick two years ago in which 90 parks in the City were declared surplus parks. The Neighborhood & Community Services Committee never acted on that proposal so she is unclear as to why the Executive Branch has scheduled a meeting at 5555 Conner on March 16th to ask for community input on the 90 surplus parks. This body has never declared 90 parks surplus. We don't know the criteria used for determining surplus parks and what the plan is.

Ms. Conyers agreed and asked Ms. Robinson from the Mayor's Office for the 5 year plan for Council's discussion and approval because that is holding up money for parks and recreation.

Ms. Cockrel asked if there was money that was not received last year because Council did not have the 5 year plan, how much was it and what's on the table if it is not done.

Ms. Robinson stated that it was approximately \$500,000 for Balduck Park.

13. Submitting report relative to U.S. Coast Guard request for comments from This Honorable Body and any City Departments involved, on the Final Assessment Report (FAR) for the Ambassador Bridge Enhancement Project (ABEP) (the Ambassador Bridge second span); same U.S. Coast Guard report indicates that the "project will have no significant effect on the human environment", as well as significant issues and unwarranted assumptions made by the Detroit International Bridge Company (DIBC) in their ABEP project. (City Planning Commission indicates that DIBC currently appears to be encroaching into Riverside Park, currently under litigation; taking use of City recreation property, proposed for the foundations for the pier for the second span; W. Jefferson, legally temporarily closed for five years, is closed under the bridge, as is Twenty-Third

Street, all without City permission. Additionally, land and air rights would be required over the City property and rights-of-way, as well as likely further street closings; none of which have been granted with respect to the second span, but are assumed in the DIBC proposal.)

**PLANNING AND DEVELOPMENT DEPARTMENT**

14. Submitting reso. autho. Correction of Legal Description for Parcel 510 generally bounded by Holbrook, Oakland, Chandler and Beaubien; to West Oakland Homes Limited Dividend Housing Association Limited Partnership, a Michigan Limited Partnership, for the purpose of constructing approximately forty-five (45) single-family homes. (Department indicates that the requested amendment to the sales resolution is to reflect a correction in the legal description.)

**MISCELLANEOUS**

15. Nadhir Mio, Dobry's Market submitting letter in opposition relative to Petition of Ramzi Najor (#2950), requesting a portion of the north-south alley, 120 feet long between Toledo Avenue on the south and Brandon Avenue to the north be vacated; adjacent to 2305 and 2323 Junction Avenue. (Nadhir Mio, owner of Dobry's Market located at 2351 Junction indicates that the objection to request is that all delivery trucks use the rear alley; with closures of alley the semi-trucks cannot use the north end due to small street space on Brandon, which will block traffic and cause problems to pedestrians using Brandon Street.)

**RESOLUTION AUTHORIZING THE DETROIT CITY COUNCIL TASKFORCE ON THE TRANSITION FROM PRISON TO COMMUNITY**

WHEREAS, City Council held a discussion during the Planning & Economic Development Standing Committee on February 18, 2009, regarding the issue of prisoner re-entry and post-incarceration employment; and

WHEREAS, According to the U.S. Department of Justice, two out of three people released from prison each year can be expected to return to prison within three years. In Michigan, 48% of former prisoners return to prison within two years; and

WHEREAS, Difficulty obtaining employment has had and continues to have a serious negative impact on the City of Detroit. This is especially true for former prisoners attempting to assimilate back into society and this lack of viable employment is a central cause of those dismal recidivism statistics; and

WHEREAS, The U.S. Congress recognized the difficulties former prisoners have assimilating back into society after incarceration, especially in obtaining employment, and passed the *The Second Chance Act of 2007: Community Safety Through Recidivism Prevention* which authorizes funds to curb recidivism and provide expanded services to ex-offenders and their families; and

WHEREAS, City Council has a vested interest in improving the quality of life, health and safety of communities for the citizens of the City of Detroit including the segment of the people returning from prisons; and

WHEREAS, Exploring the many factors and conditions that perpetuate recidivism in the City of Detroit will assist in forming a comprehensive strategy to address the issue. The Taskforce on the Transition from prison to community will provide such a forum to explore these factors, then create, implement and monitor the progress of the strategies deemed most appropriate, such as modification of hiring policies to assist former prisoners with obtaining employment;

NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby forms a Taskforce on the Transition from Prison to Community

effective immediately with the goal of increasing successful assimilation into the community post-incarceration and reduce the negative impacts of recidivism within the City of Detroit with immediate emphasis on improving employment prospects of returning citizens; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, An eligible taxpayer may qualify for a tax credit pursuant to Michigan Public Act 36 of 2007, as amended (the "Michigan Business Tax Act"), for any eligible investments on eligible property identified under a brownfield plan; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the Alter Commons Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Business Tax Act credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on January 22, 2009, per the provisions of the resolution establishing the authority, and a public hearing was conducted by the Authority on February 2, 2009 to solicit comments on the proposed Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on March 11, 2009.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. Definitions. Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

Detroit City Council**

By COUNCIL MEMBER JONES:

WHEREAS, Kerry Baitinger, the son of a Detroit Police Officer, was born, raised, and continues to reside in Detroit, the City he loves. He began his career with the City of Detroit in 1986 as an Aide to Councilman David Eberhard. Upon the end of Councilman Eberhard's tenure in 1994, Kerry briefly worked in the office of State Senator John Kelly. In 1995 he returned to city employment in the Planning & Development Department, quickly rising through the ranks to become an Executive Assistant to the Deputy Director. Kerry returned to City Council when he joined the staff of the City Council Research and Analysis Division on May 5, 2003; and

WHEREAS, Kerry Baitinger has continually demonstrated an extraordinarily strong commitment to serving his community. When he was a teenager, as his Eagle Scout Project, he solicited canned goods from neighborhoods and with the troop of scouts, picked up the cans and delivered them to a food bank. This was the precursor to what is now the Canned Food Drive with the Big Boy restaurants. Kerry was President of Neighbors United and worked actively with D.E.A.R., now the East English Village Association. Kerry also served on the Board of U-SNAP-BAC (United Streets Network and Planning-Building a Community) during its formative years. In addition, he was a member of the Baldock Park Association and was responsible for convincing the City to install lighting at the top of the hill to improve safety in the area. In each of these endeavors he worked tirelessly to

bring the community together, put on festivals and parades, and involved his family in all of it; and

WHEREAS, In 2000, as Christian Services Chairperson, Kerry revived the Food Pantry at St. Patrick's Church in Detroit which, at the time, had only \$50.00 in its account. Kerry immediately sought grant funds and donations until he had amassed over \$17,000.00 for the Pantry. He shepherded the program until last year at which time the program was serving up to 500 people every month. Kerry also initiated the "Continue The Dream Campaign" which honors the life of Pantry founder Father Duffey and continues to sustain the food pantry today. Kerry demonstrates how one can turn a teenage project into a lifelong mission of dedicated service. Kerry also served as Vice-Chair for the Board of Directors for St. Patrick's Senior Center for nine years, once working every Saturday for an entire year so that the Executive Director could have at least one day off a week to spend with her children and family; and

WHEREAS, Kerry's sense of serving is truly expressed in his many life saving actions. While he was working at Bon Secours Hospital as an Emergency Room Security Guard, a woman drove into the ER bay with her unconscious husband. Kerry quickly assessed the situation, administered CPR, and saved the man's life. On another occasion Kerry delivered a baby from a woman unable to make it into the hospital on time. While driving with his wife, Debbie, they came upon a two-car accident and found one of the victims was not breathing. Kerry administered CPR in an attempt to revive the individual; and

WHEREAS, More recently, on Friday, March 6, 2009, at approximately 10:30 p.m., Kerry was walking his dog in front of his home on Woodward when a car stopped and the driver yelled that there was a man lying in the middle of the street. Kerry had his wife call 911, and then he ran out onto Woodward to the fallen man. The cars sped by them and while Kerry talked to the stranger, the man stopped breathing. Kerry immediately began CPR and kept up the life-saving procedure until the man was revived whereupon EMS arrived and rushed him to the hospital. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council salutes and applauds Kerry Baitinger as the type of citizen this city needs. He is a role model and inspiration to all and this Council applauds him heartily for working tirelessly to make his community a richer and safer place to live; and BE IT FINALLY

RESOLVED, That the Detroit City Council hereby directs the Clerk that this testimonial resolution be included as part of this day's agenda and be inscribed in

JOHN BROWN, FREDERICK  
DOUGLASS, DETROIT, AND THE PATH  
TO FREEDOM**

**A Commemoration of the 150th  
Anniversary of the Detroit Meeting of  
John Brown and Frederick Douglass**  
By COUNCIL MEMBER JONES:

WHEREAS, On March 12, 1859, abolitionist John Brown and Frederick Douglass, the noted abolitionist and former slave, held a meeting in the historic home of William Webb on Larned Street in Detroit, Michigan. During the meeting, John Brown, Frederick Douglass, and members of Detroit's African American community discussed tactics for ending slavery in the United States. Those in attendance included: George DeBaptiste, William Lambert, Dr. Joseph Ferguson, Rev. C. Monroe, Willis Wilson, John Jackson, and William Webb; and

WHEREAS, John Brown and Frederick Douglass could not agree on a plan to terminate slavery. John Brown insisted on armed intervention while Frederick Douglass promoted a more peaceful and political method. Although they differed in tactics, they were united in the cause of ending slavery; and

WHEREAS, On October 16, 1859, John Brown led 21 men in an attack on the federal arsenal at Harper's Ferry, Virginia. His plan was to seize weapons and arm the local slaves to rise against their owners. The raid on Harper's Ferry was unsuccessful and most of the men had been killed or captured. John Brown was wounded and quickly captured. He was tried and convicted of murder, treason, and inciting a slave insurrection. John Brown was hanged on December 2, 1859; and

WHEREAS, Frederick Douglass, author, editor, diplomat, and lecturer, was a firm believer in the equality of all people. He believed education was the key for African Americans to improve their lives. During his life he escaped from slavery, became internationally known for his eloquence, and served the government in several capacities. Douglass was fond of saying, "I would unite with anybody to do right and with nobody to do wrong."; and

WHEREAS, After the Civil War, Frederick Douglass wrote: "Did John Brown fail? John Brown began the war that ended American slavery and made this a free Republic. His zeal in the cause of my race was far greater than mine. I could live for the slave, but he could die for him..."; and

WHEREAS, The citizens of Detroit had a long history of resistance to slavery and of asserting their rights. They formed their own congregations, built their own churches, developed their own businesses, and lived their lives with the ever-

present danger of being caught, kidnapped, and sent to live in slavery. The efforts and struggles of the citizens of Detroit were integral in the fight to end slavery in the United States. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council, Office of Councilwoman Brenda Jones, hereby joins with the University of Michigan-Dearborn, Charles H. Wright Museum of African-American History, the Michigan Historical Commission and the Michigan Freedom Trail Commission in honoring and celebrating the 150th Anniversary of the Detroit Meeting of John Brown and Frederick Douglass. **MEMBER REPORTS**

**COUNCIL PRESIDENT MONICA CONYERS:**

Regarding Industrial Facilities Exemption Certificates, Council President Conyers directed City Council Fiscal Analyst Irvin Corley to check with the Planning and Development Department to find out which companies had completed the required forms and which had not. Conyers also directed Corley to provide a list of companies who are not in compliance, and then find out how many of those companies had been taken to court to recover their tax credits.

Council President Conyers directed Research and Analysis Director David

Whitaker to see that announcements of three important opportunities for Detroit citizens be scrolled on Detroit's public access channel. First, there is an opportunity for Detroit youth to apply for a White House internship which will run from May 22nd to August 14th. The deadline for applying is March 22nd. Second, is the chance for all Detroit residents to attend a Career Exposition at the Tower Center Mall on the corner of Grand River and Greenfield, Friday March 20th, from 9:00 a.m. to 4:00 p.m. Lastly, Conyers directed that information from the "Promise Zone" be scrolled to inform Detroit youth about scholarship opportunities.

Council President Conyers requested that the Administration provide City Council with a report on the status of plans to deliver sludge to farmers. She had spoken with Pam, the Director, who was going to call the state as it related to that information.

Council President Conyers also requested that the Administration provide City Council with a report on the status of Wayne County Sheriffs riding Detroit busses.

Council President Conyers expressed concern for the long standing problem of illegal drag racing on City streets. She suggested that the stimulus money could be used to increase police pay, noting that Detroit police are the lowest paid, which could lower the morale of the officers. Conyers said that Detroit's police officers are working hard every day and not even making the pay of county and smaller city's law enforcement personnel. She feels that Council should look into giving Detroit police raises. Finally, Conyers pointed out that in Houston, Texas and other places, police officers can have secondary employment, which has been discussed in the past here in Detroit. She asked that the City Council Research & Analysis and Fiscal Analysis Divisions along with Law Department and Mayor's Office determine a way of increasing police officer salaries by using stimulus money.

**COUNCIL MEMBER WATSON:**

Council Member Watson informed City Council that she recently attended a National League of Cities meeting in Washington, D.C. concerning a very wonderful program, which she called "Bank on Detroit." The program is intended to help people who currently do not use conventional banks to save or borrow money. Watson said that as much as a third of the population are "un-banked," and are exploited by tax refund check cashing agencies and payday lending companies. The "Bank of Detroit" program will enable Detroiters to access real banking services, free of charge, help remove bar-

riers, and open access to earned income credit money that many people are not aware of. She asked that the City Council Fiscal Analysis Division follow-up on the information provided by the National League of Cities.

Council Member Watson requested that City Council consider convening a meeting to discuss issues surrounding the Cobo Hall Expansion. Attending this meeting should be the Governor, State Legislators, members of the U.S. House of Representatives, Michigan Senators, County Officials, Mayor's Office, Council Members, the Ilitch Family and the Detroit Auto Dealers Association. She is also requesting that this group come armed with specific information relative to economic stimulus funds, commenting that some funds have already been directed to programs and projects in the State of Michigan.

Regarding the Stimulus Funds, Council Member Watson requested that a resolution be drafted to establish a Task Force to monitor the economic stimulus funds coming into Detroit.

Council Member Watson informed City Council that she had received a correspondence from State Representative Rashida Taib asking that systematic recycling not be approved. Ms. Watson indicated that she supports that notion.

Council Member Watson requested that the Administration forwards a Recreation Master Plan to the Neighborhood and Community Services Standing Committee omitting the section that calls 90 city parks "surplus".

**COUNCIL MEMBER MARTHA REEVES:**

Council Member Reeves informed City Council that the street lights are out on East Lafayette from I-75 to Mt. Elliott, and requested that the matter be forwarded to the Public Lighting Department.

**COUNCIL MEMBER BRENDA JONES:**

Council Member Brenda Jones informed City Council that she recently attended a Career Day at Barbara Jordan School. The students participated in a raffle where the winners were given the opportunity to visit the Detroit City Council. The following students were the winners: Isaiah Jones, Ciaira Moore, Angel Middleton, Desiree Vinning, Kim Williams, Ashley Woods and Victoria Mills. Accompanying the students were Mrs. Lori Harris, Mrs. Marcia Morrow and Dr. J. Bussey.

**COUNCIL MEMBER ALBERTA TINSLEY-TALABI:**

Council Member Tinsley-Talabi expressed concern for the number of people losing their lives on the streets due to drag racing and driving while

intoxicated. She feels that there should be public service announcements advising that this will not be tolerated in Detroit. Council Member Tinsley-Talabi asked that a meeting be scheduled with the Police Department in the Public Health and Safety Standing Committee to further discuss the matter.

**TESTIMONIAL RESOLUTION  
FOR  
REVEREND PRINCESS MAGGIE  
SHAFFER**

By COUNCIL PRESIDENT CONYERS:

WHEREAS, Reverend Princess Maggie Shaffer was born on March 16, 1926 in Junction River, Florida. She was the sixth child of seven born to the union of Mr. & Mrs. Linton. As a youth, one of her fondest memories was visiting her aunt during the summertime in Philadelphia and spending time at her restaurant. She also found great interest in dancing, and that is where she met her first love, Mr. Cannon Boatmon; and

WHEREAS, At the tender age of 16, after encountering Mr. Boatman, she found herself married and on to a new phase in life by late 1942. Their marriage took them to South Carolina and then to her husband's hometown of Pine Bluff, Arkansas. By the age of 18, Ms. Princess Maggie gave birth to her first child on July 25, 1944. The next year Mr. & Mrs. Boatmon moved to Michigan with their eight-month old child in search of a new beginning; and

WHEREAS, Ten years after moving to Michigan, Ms. Princess Maggie became extremely ill and at the age of 28, many doctors had predicated she wouldn't live to see another year. Keeping her faith in the Lord and her family, Mr. Boatmon took her to see a great man, Prophet James Francis Jones. This Holy Prophet made many predictions on her life, and concluded he saw no end for her. Maggie has gone on to out live the doctors and their many medical predictions, and in October, 1954, became a registered citizen of the organization known as Universal Triumph, The Dominion of God under the leadership of Reverend Dr. James F. James; and

WHEREAS, After having five children to their union: Alma, Cannon Jr., Calvin, Louise, and her precious Diane, the Holy Prophet said "three more", so on came Lazet, Michael, and Sharon. Through the rest of Ms. Maggie's triumphs and obstacles she found herself divorced, poor, and hungry, but that didn't hinder her faith. She went back to school and earned an Associate Degree from the University of Detroit and became a substitute teacher. Nonetheless, this was not the end of her many obstacles. Tragedy soon struck when she lost three children: Diane, Calvin, and Cannon Jr., but she never let go of God's ever-changing hand; and

WHEREAS, The work for the Lord soon took her into an area she didn't know was before her. When asked by Reverend Lord James Shaffer; during a time of his own illness, to help nurse him back to health, she did just that and was affectionately named, along with another Reverend, Mary and Martha. Helping others in need quickly became her task. Later, unknown to her, God revealed to Reverend Shaffer to take her hand in marriage. Neither had plans to remarry but it became so, as she honored him by taking his last name "Shaffer". NOW THEREFORE BE IT

RESOLVED, That Council President Monica Conyers and the Detroit City Council acknowledge the profound purpose of life, as Ms. Princess Maggie Shaffer celebrates her 83rd birthday. May you continue to touch lives for many years to come through God's work.

JoAnn Watson's Memorandum relative to questions of City of Detroit Public Lighting Department (PLD) working on Sunday, March 1, 2009 at the intersection of Livernois and Chippewa. (Department indicates that for the last two years the Livernois Median Project; being a point of contention; the City and DPW have made commitments for improvements to the project that doesn't compromise driver or pedestrian safety, to that end, one of the remaining tasks was the installation of traffic signal heads, related electrical connections and equipment; DPW does not perform this type of work, therefore required the assistance of either outside contractors or PLD, so opted for City PLD.

The work at Livernois and Chippewa is Street Fund eligible and will be reimbursed for all expenditures, leaving no impact on the General Fund; for actual labor cost at double time rate plus fringe, along with vehicle costs according to the Michigan Department of Transportation (MDOT), Section C Rental Rates; not the triple time quoted in the complaint, etc.)

22. Submitting report in response to Council President Monica Conyers' questions regarding sludge farmers: What company replaced Synagro? When will an RFP go out? Is the Sludge getting to farmers who need it, if not, why? How much revenue is the sludge bringing to the City of Detroit? Lastly, does the City receive any revenue from the farmers? (Department indicates that under the November 23, 2007 contract amendment, Synagro provided "Biosolid Management Services", which consisted of hauling plant biosolids/sludge for agricultural land application and land disposal, into area landfills; on February 1, 2009, the contract was terminated, therefore, Synagro services were not replaced; the City resumed using available purchase order, with sludge hauling services with vendors Homrich Wrecking Company — Purchase Order No. 2730577 and landfill service provided by Waste Management Company — Purchase Order No. 2713745; the disposal of incinerated sludge/ash is contracted through Bankston Construction Company — Purchase Order No. 2688371 and Req. No. 26976 (awaiting Council approval). Staff estimates 60-90 days before an RFQ. can be issued. There is no obligation assumed by the City or DWSD to provide biosolids to farmers. The disposal of plant biosolids has never provided revenue to the City; DWSD pays to dispose of the biosolids. Finally, the City of Detroit paid for disposal of plant biosolids, including having it worked into the farmland as required by the State of Michigan; under Synagro's agreement with Michigan farmers, there was no cost to them.)

**PUBLIC COMMENTS**

**Reggie Gaddies:** We're trying to get property for a garden in the area of Orangelawn and Minock. The City of Detroit said it's a street. I researched it which revealed it is a property, but on City records it's listed as a street.

I spoke with Mr. Jim Knowles in the Public Works Department City Engineering Division, who told me I would have to get City Council's permission for berm for use of right of way.

Orangelawn is listed as a street; however it is land. A sidewalk is running down the sides of people's houses; it is land.

I'm asking for use as right of way for berm use for the land.

**Brenda Jones:** I would like to refer this matter to the Neighborhood and Community Services Standing Committee.

**JoAnn Watson:** A resolution can be done by City Council's Research and Analysis Division (RAD) and City Planning Commission.

**Monica Conyers:** A discussion should be done in your committee.

**Jones:** We can ask RAD to do a resolution.

**Conyers:** Yes, but it still has to go to the Public Health and Safety Standing Committee.

**Alberta Tinsley-Talabi:** I've been getting a lot of calls from residents who want to know how they can garden on City property. We should have a discussion on that. We want to have a lot of victory gardens throughout the City.

**Gaddies:** The Greening of Detroit is having informative classes on the subject matter; the classes are very informative.

**Rudell Holmes,** gave prayer for the City of Detroit, especially in these times.

A person reported that dangerous buildings exist at 7526 and 7528 Oakland Ave.

**Historic Designation Advisory Board**

March 23, 2009

Honorable City Council:

Re: Petition #3207, Newberry Hall Development, LLC, requesting designation of the Helen Newberry Nurses Home as an historic district and an interim historic district.

We received the Clerk's referral of this request for historic designation; the petitioner is seeking immediate action. The staff of the Historic Designation Advisory Board is prepared to proceed with a study if your Honorable Body wishes to direct a study out of the usual order. Staff also supports interim designation at this time.

The proposed Helen Newberry Nurses Home Historic District will include the 1898 building that is generally bounded by John R Street to the east, E. Alexandrine Street to the south, Woodward Avenue to the west, and E. Willis Avenue to the north. The Newberry Hall Development, LLC, representing the property owners, is requesting prompt designation, which would enable tax credits necessary to allow for the rebuilding of the neighborhood. Therefore, we are submitting this communication so that your Honorable Body, if you so decide, may direct an immediate study.

Reasonable grounds for the study have been provided and a resolution for study and for interim designation are attached for your consideration.

Pursuit to those resolutions, City Council must appoint two persons to serve as *ad hoc* members of the Advisory Board in connection with the matter. The Advisory Board staff is happy to provide two names, Ernest Zachary and Luis Croquer for your consideration. A resolution of appointment is attached for your consideration.

Staff is available to answer any questions you may have.

Respectfully submitted,  
MARCELL R. TODD, JR.

Whereas, The City Council finds that there are reasonable grounds for such a request,

**RESOLUTION APPROVING BROWNFIELD PLAN OF THE CITY OF DETROIT BROWNFIELD REDEVELOPMENT AUTHORITY FOR THE PV ESTATES PROJECT**

City of Detroit  
 County of Wayne, Michigan  
 By Council Member Reeves:

WHEREAS, Pursuant to 381 PA 1996, as amended ("Act 381"), the City of Detroit Brownfield Redevelopment Authority ("Authority") has been established by resolution of the City Council of the City of Detroit (the "City") for the purpose of promoting the revitalization of eligible properties in the City; and

WHEREAS, Under Act 381 the Authority is authorized to develop and propose for adoption by City Council a brownfield plan for one (1) or more parcels of eligible property; and

WHEREAS, An eligible taxpayer may qualify for a tax credit pursuant to Michigan Public Act 36 of 2007, as amended (the "Michigan Business Tax Act"), for any eligible investments on eligible property identified under a brownfield plan; and

WHEREAS, Pursuant to the resolution establishing the Authority and the bylaws of the Authority, the Authority has submitted a proposed brownfield plan for the PV Estates Redevelopment Project (the "Plan") that would enable the owner to apply for a Michigan Business Tax credit for eligible investments on eligible property as defined by Act 381, as amended, after the adoption of this Plan; and

WHEREAS, The Authority submitted the Plan to the Community Advisory Committee for consideration on January 22, 2009, per the provisions of the resolution establishing the authority, a public hearing was conducted by the Authority on February 2, 2009 to solicit comments on the proposed Plan; and

WHEREAS, The Community Advisory Committee recommended approval of the Plan on January 22, 2009; and

WHEREAS, The Authority approved the Plan on February 12, 2009 and for-

warded it to the City Council with a request for its approval of the Plan; and  
 WHEREAS, City Council has published the required notice of the public hearing on the Plan; and

WHEREAS, The City Council held a public hearing on the proposed Plan on March 11, 2009.

NOW, THEREFORE, BE IT RESOLVED, THAT:

1. **Definitions.** Where used in this Resolution the terms set forth below shall have the following meaning unless the context clearly requires otherwise:

"Eligible Activities" or "eligible activity" shall have the meaning described in Act 381.

"Eligible Property" means the property designated in the Plan as the Eligible Property, as described in Act 381.

"Plan" means the Plan prepared by the Authority, as transmitted to the City Council by the Authority for approval, copies of which Plan are on file in the office of the City Clerk.

"Taxing Jurisdiction" shall mean each unit of government levying an ad valorem property tax on the Eligible Property.

2. **Public Purpose.** The City Council hereby determines that the Plan constitutes a public purpose.

3. **Best Interest of the Public.** The City Council hereby determines that it is in the best interests of the public to promote the revitalization of environmentally distressed areas in the City to proceed with the Plan.

4. **Review Considerations.** As required by Act 381, the City Council has in reviewing the Plan taken into account the following considerations:

(a) The property designated in the Plan meets the definition of Eligible Property, as described in Act 381, including consideration of the criteria of "blighted" as defined in Act 381;

(b) The Plan meets the requirements set forth in section 13 of Act 381.

(c) The proposed method of financing the costs of Eligible Activities is feasible.

(d) The costs of Eligible Activities proposed are reasonable and necessary to carry out the purposes of Act 381.

(e) No captured taxable value is estimated to result from the adoption of the Plan since all Eligible Activities will be financed by the owner of the Eligible Property and the Plan does not provide for the use of tax increment revenues for eligible activities.

5. **Approval and Adoption of Plan.** The Plan as submitted by the Authority is hereby approved and adopted. A copy of the Plan and all amendments thereto shall be maintained on file in the City Clerk's office.

The City of Detroit Planning Commission has determined (see Attachment D), and with the approval of the Plan, the City

Council concurs, that the Property qualifies as "blighted" under the definition in Act 381.

6. Disclaimer. By adoption of this resolution and approval of the Plan, the City assumes no obligation or liability to the owner, developer, lessee or lessor of the Eligible Property for any loss or damage that may result to such persons from the adoption of this resolution and Plan. The City makes no guarantees or representations as to the determinations of the appropriate state officials regarding the ability of the owner, developer or lessor to qualify for a tax credit pursuant to the Michigan Business Tax Act, Michigan Public Act 36 of 2007, as amended.

7. Repealer. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

8. The City Clerk is requested to submit four (4) certified copies of this Resolution to the DBRA, 500 Griswold Street, Suite 2200, Detroit, MI 48226.

Adopted as follows:

Yeas — Council Members S. Cockrel, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 7.

Nays — None.

**Department of Public Works  
Administration Division**

February 26, 2009

Honorable City Council:

Re: Traffic Signal Removal at Two (2) Locations. Southfield Freeway Service Drive - Lyndon and Davison Freeway Service Drive - Dequindre.

The following two (2) signalized intersections are currently operating on full time "stop control" mode in compliance with the Michigan Manual of Uniform Traffic Control Devices (MMUTCD) and are scheduled for removal due to changes in traffic conditions as described below:

**1. Southfield Freeway Service Drive and Lyndon**

In January 2004, the traffic signal at Lyndon and Southfield Freeway Service Drive was vandalized and the controller and signal heads were damaged/stolen. Based on traffic volume counts taken in January 2004, it was determined that the said traffic signal no longer met any MUTCD warrants for the continued operation of the traffic signal and was hence placed on "stop" control mode since January 16, 2004 pending removal. A Before-After analysis of accidents recorded four years (i.e. 2000-2003) before stop sign installation/operating as traffic signal controlled intersection and four years (i.e. 2004-2007) after stop sign installation for this location has shown a significant reduction of about 33% in total number of

crashes after the signal was replaced with "stop" sign. Also, we have not received any complaints so far about the current operation of the intersection as "stop" controlled. Therefore, the current "stop" control is the appropriate traffic control at this location.

In addition, as part of the freeway bridge deck replacement program undertaken by Michigan Department of Transportation (MDOT), Lyndon bridge over M-39 Freeway will be replaced and the traffic signals at the Lyndon and Southfield Freeway Service Drives will not be installed, as it does not meet the MUTCD warrants, those will be stop sign controlled intersections. therefore, we are proposing to remove the left over traffic signal equipment at this location as part of the MDOT project.

**2. Davison Freeway Service Drive and Dequindre**

The traffic signal at Dequindre and Davison Freeway Service Drive does not meet any MUTCD warrants for the continued operation of the traffic signal and is thereby operating on "stop" control mode since July 7, 2005 pending removal. A Before-After analysis of accidents recorded 2-1/2 years (i.e. January 2003 - June 2005) before stop sign installation/operating as traffic signal controlled intersection and 2-1/2 years (i.e. July 2005 - December 2007) after stop sign installation for this location has shown a significant reduction of about 80% in total number of crashes after the signal was replaced with "stop" signs. Also, we have not received any complaints so far about the current operation of the intersection as "stop" controlled. Therefore, the current "stop" control is the appropriate traffic control at this location.

As such, the Department of Public Works respectfully request the adoption of the attached resolution for the removal of the traffic signals at the above mentioned two (2) locations.

Respectfully submitted,  
ALFRED JORDAN

RESPECT THERETO.**

By Council Member Cockrel:

WHEREAS, On August 1, 2001, this City Council (the "Council") of the City of Detroit (the "City") adopted a resolution (the "2001 Bond Resolution") which authorized, among other things, issuance of the City's Sewage Disposal System Senior Lien Revenue Refunding Bonds (Variable Rate Demand), Series 2001(C-1) (the "Series 2001C-1 Bonds"); and

WHEREAS, The 2001C-1 Bonds were issued in a variable rate mode, but documents approved under the 2001 Bond Resolution provided for their conversion to a fixed rate mode; and

WHEREAS, The 2001 Bond Resolution authorized the City's Finance Director to enter into "one or more interest rate exchange agreements" and, in accordance with then-applicable law, to apply

to the Michigan Department of Treasury for approval thereof; and

WHEREAS, Pursuant to the 2001 Bond Resolution and the approval of the Michigan Department of Treasury, the City entered into an interest rate exchange agreement with UBS AG with respect to the Series 2001C-1 Bonds (the "2001C-1 UBS Swap"), where the City paid a fixed rate of interest and received a floating rate of interest; and

WHEREAS, On May 7, 2003, the Council adopted a resolution (the "2003 Bond Resolution") which authorized, among other things, issuance of the City's Sewage Disposal System Senior Lien Revenue Bonds (Variable Rate Demand), Series 2003(b) (the "Series 2003B Bonds"); and

WHEREAS, The 2003B Bonds were issued in a variable rate mode, but documents approved under the 2003 Bond Resolution provided for their conversion to a fixed rate mode; and

WHEREAS, The 2003 Bond Resolution authorized the City's Finance Director to enter into "a floating to fixed Interest Rate Exchange Agreement between the City and UBS AG" and specifically authorized one transaction thereunder with respect to the Series 2003B Bonds; and

WHEREAS, Pursuant to the 2003 Bond Resolution, the City entered into an interest rate exchange agreement with UBS AG with respect to the Series 2003B Bonds (the "Series 2003 UBS Swap" and, together with the 2001C-1 UBS Swap, the "UBS Swap"), where the City paid a fixed rate of interest and received a floating rate of interest; and

WHEREAS, Until recent rating agency downgrades of the bond insurer on the Series 2001C-1 Bonds and the Series 2003B Bonds and the bank providing liquidity facilities for the Series 2001C-1 and Series 2003B Bonds, the UBS Swaps provided the City with predictable interest payments on the Series 2001C-1 Bonds and the Series 2003B Bonds; and

WHEREAS, As a result of current bond market conditions, the Finance Director has determined that is in the City's best interest to convert the Series 2001C-1 Bonds and the Series 2003B Bonds from the variable rate mode to the fixed rate mode; and

WHEREAS, After conversion to the fixed rate mode, the UBS Swaps will no longer serve their original purpose of hedging the City's variable interest rate exposure and providing a predictable interest cost on the Series 2001C-1 Bonds and the Series 2003B Bonds; and

WHEREAS, The termination of the UBS Swaps under present market conditions would require that the City make a large payment to UBS AG in accordance with the methodology set forth in the UBS Swaps; and

WHEREAS, The City can currently mitigate variable rate risk associated with the UBS Swaps by means other than by terminating the UBS Swaps in connection with the conversion of the Series 2001C-1 Bonds and the Series 2003B Bonds to the fixed rate model and may have additional means of mitigating such risk in the future, based upon market conditions; and

WHEREAS, The City's Swap Management Plan recognizes the authority of the Finance Director to manage risks associated with interest rate exchange agreements; and

WHEREAS, Because the 2001 Bond Resolution and the then-required Treasury approval only authorized an interest rate exchange agreement with UBS AG and because the 2003 Bond Resolution only authorized a floating to fixed interest rate exchange agreement with UBS AG, it is necessary to supplement the 2001 Bond Resolution and the 2003 Bond Resolution in order to allow the Finance Director to manage the risks associated with the UBS Swaps in accordance with the Swap Management Plan.

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL THAT:

**Section 1. Management of UBS Swap Risks.** The Finance Director is hereby authorized to manage the risks associated with the UBS Swaps by taking any of the following actions during the current terms of the UBS Swaps, subject to the requirements set forth in this Resolution: terminate the UBS Swaps in whole or in part, enter into offsetting interest rate exchange agreements with UBS AG or with one or more different swap counterparties which reverse the effects of the UBS Swaps in whole or in part, or transfer the UBS Swaps to one or more new swap counterparties or other action consistent with the Swap Management Plan. The Finance Director is further authorized to enter into such ancillary agreements, including, without limitation, agreements to obtain insurance on some or all of the payments due under any new interest rate exchange agreement, in connection with any interest rate exchange agreements authorized herein, as may be necessary or appropriate and are consistent with Act 34, Public Acts of Michigan, 2001, as amended ("Act 34") and the terms of the City's Swap Management Plan, the City's Debt Management Plan, Ordinance No. 18-01 (the "Sewer Bond Ordinance") and this Resolution.

**Section 2. Payments Related to Management of UBS Swap Risks.** The Finance Director is authorized to make a payment to UBS AG or other swap counterparties and to pay any necessary fees and expenses in connection with any of the actions authorized herein, whether in the form of a single payment at the time of taking such action, or in the form of multiple payments over time, provided that

such payment is taken into account in making the certifications required hereunder and provided further that such payment is made from sources provided under the Sewer Bond Ordinance, or from funds provided in connection with any of the documents entered into in connection with the Series 2001C-1 Bonds or the Series 2003B Bonds. Any such payment shall not be payable from the General Fund of the City.

**Section 3. Conditions Precedent to Swap Management Actions.** The authorizations contained in this resolution shall be subject to the condition that the Finance Director certify as follows: (a) that the proposed action is in the best financial interests of the City; (b) that any new swap counterparty qualifies under the City's Swap Management Plan; and (c) that any new interest rate exchange agreement complies with the City's Swap Management Plan, the City's Debt Management Plan, Act 34 and the Sewer Bond Ordinance.

**Section 4. Acknowledgement of Risks Associated with Swap Agreements.** The Council acknowledges the potential risks associated with the interest rate agreements authorized herein, including, counterparty risk, termination risk, rollover risk, basis risk, tax event risk, and amortization risk, as set forth in the Swap Management Plan.

**Section 5. Additional Authorization.** The Mayor, City Clerk, Finance Director, Treasurer, Corporation Counsel, Director of the Water and Sewerage Department, any such officials acting in an interim or acting capacity, other officials of the City, their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions and other papers as may be deemed necessary or appropriate to give effect to the transactions contemplated by this Resolution, as determined by such officials executing and delivering the foregoing items. Any of the foregoing officials are authorized to engage the services of financial or legal advisors to the extent deemed necessary or advisable in connection with the actions authorized herein, subject to the payment provisions of Section 2 hereof.

**Section 6. Repeal; Savings Clause.** All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 7. Publication.** This Resolution shall be published in full in the Detroit Legal News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

**Section 8. Effective Date.** This Resolution shall be effective immediately upon adoption.

**TESTIMONIAL RESOLUTION FOR THE MIRACLES**

By ALL COUNCIL MEMBERS:

WHEREAS, In 1957, the City of Detroit was alive with music. It was the golden age of doo-wop and everyone wanted to harmonize. Teenagers gathered in the park and on many a street corner, vocalized the hits of the era. One such group of teenagers was the Matadors, William "Smokey" Robinson, Warren "Pete" Moore, Ronald "Ronnie" White, cousins Robert "Bobby" Rogers, and Emerson "Sonny" Rogers. Music was as natural to them as breathing. They even had a "sister" group, The Matadorettes; one member was Sonny's sister, Claudette. The group rehearsed together frequently and appeared on talent shows throughout the city. After a year when it seemed that nothing would happen, Sonny joined the United States Army, and

WHEREAS, Within a month's time,

there was an agency searching for talented young people to record. An audition was scheduled the following Saturday. However, the Matadors felt their music called for a fifth voice, and a female voice would add just the right touch to their vocal blend. A quick decision was made — "Ask Claudette?" She was familiar with the songs as the group used her basement for their rehearsal hall. Claudette said — "Yes"!! (However, she felt that they asked her so they wouldn't lose their rehearsal space), and

WHEREAS, Armed with a simple notebook of about 100 original songs written by Smokey, they gave it their all. Unfortunately, they were turned down by the agent who advised them to pattern themselves after "Mickey and Sylvia", a popular duo of the day. Dejected, they turned to leave. But, fate intervened in the person of young songwriter, Berry Gordy, who just happened to be present at the audition. He remarked that he was impressed with the songs and wanted to hear more. He listened patiently and made suggestions to Smokey about songwriting. A bond was forged that day that would forever impact musical history and help to break down barriers of racism and segregation with their engaging lyrics and universal music' thus, "The Sound of Young America", and

WHEREAS, Mr. Gordy and the former "Matadors", now "MIRACLES", became a team; he became their manager, mentor, teacher and friend. The Miracles were the first group to be signed by Mr. Gordy, giving the beautiful and talented Claudette the distinction of being the first female to ink a contract with Motown Records; by Gordy she was given the official title of "First Lady of Motown"... The Miracles had Motown's First million seller, "Shop Around". It was a magical partnership for Gordy and the Miracles. Headlining the Motortown Revenue, the Miracles traveled throughout the United States and eventually the world. During the course of five decades, The Miracles compiled an enviable list of chart busting million sellers including, "Shop Around", "Ooh Baby, Baby", "I Second that Emotion", "More Love", "Mickey's Monkey", "Tracks of my Tears", and "The Tears of a Clown", and

WHEREAS, The Miracles are four time inductees in the Grammy Hall of Fame; with three songs inducted into the Rock and Roll Hall of Fame's "500 Best" List; they've received the Rhythm and Blues Pioneer Award; inductees in the Vocal Group Hall of Fame; they are recipients of the prestigious Heroes And Legends Award, and

WHEREAS, Rolling Stone voted The Miracles the 32nd Greatest Rock N Roll Artists of all time. In 2007 under the terms of the National Recording Preservation Act of 2000, the Librarian, with advice

from the Library's National Recording Preservation Board (NRPB), announced The Miracles million selling hit "Track of My Tears" was a selected recording that was "culturally, historically, and aesthetically significant" to preserve for all time in the United States Library of Congress. As their list of awards, and accommodations are many, one salutation very dear to The Miracles was being recognized in their hometown having a street and park named in their honor in Detroit, Michigan where their musical legacy began over 50 years ago. They are recipients of the Spirit of Detroit Award; and

WHEREAS, The group evolved with the music. Smokey and Claudette married; Pete served 2 years in the Army, and in 1965, the group became known as Smokey Robinson and The Miracles. Claudette retired from touring that same year but continued to record with the Miracles in the studio on all of their recordings until 1972. In June, 1972, the group held its last performance as Smokey Robinson and the Miracles at the Carter Baron Theater in Washington, D.C. NOW, THEREFORE BE IT

RESOLVED, That Council Member Martha Reeves and the Detroit City Council recognize and honor The Miracles on 50 years of entertaining and the prestigious honor, A STAR! On Hollywood's Walk of Fame on March 20, 2009.

Lord, we invite Your Holy Spirit in our presence. I proclaim, starting from President Conyers to every council member, that You fully restore those on this council and give them power on high, to reclaim, rebuild, and restore this city and Your people. For Lord, only You know their struggles and their works.

We plead the blood of Jesus that no weapon formed against this city or our leaders, shall prosper. Speak to their minds and be their rock, give them the power of David, to take down any giant that gets in their way, cause harm or delay the growth, of the people and this city. We ask that You give them the wisdom, knowledge, instructions and understanding of Solomon, so that together, they will rebuild and restore the City of Detroit, so it will never fall again. Give them the blessings of Abraham that their works will be blessed, and will be a blessing to the people. Give them the power of Joshua to take over and proclaim victory, because the walls of destructions must come

down. We speak, it is time for the City of Detroit and its people to be blessed.

In the name of Jesus: Amen.

**NEIGHBORHOOD AND COMMUNITY SERVICES STANDING COMMITTEE DIVESTITURE OF FINANCIAL INSTITUTION THAT FAIL TO COOPERATE WITH FORECLOSURE PREVENTION**

By COUNCIL PRESIDENT CONYERS:  
WHEREAS, The perception that homeowners losing their homes due to fore-

closures are only those with bad credit or of low income is no longer accurate. The crisis is affecting communities at all levels, but working class communities are the most severely affected, as they were often explicitly targeted and preyed upon by lenders and brokers offering unconventional loans and financing options.

WHEREAS, As the local, state, and federal governments work on resolving the current foreclosure crisis, one of the key factors that must be addressed is the modification of loans that are "upside-down." These loans must be modified to the current market value of the home, not the original loan amount, so that homeowners facing foreclosure receive true relief from the burden of the loans they were unjustly pushed into by aggressive lenders and brokers.

WHEREAS, Currently, there is active pressure on financial institutions to modify loans for homeowners susceptible to foreclosure by reducing the principal to the current market value. Many financial institutions are not inclined to do this, particularly with no financial incentive. However, as with local government, financial institutions have an obligation in assisting their customer preserve the American Dream. NOW, THEREFORE BE IT

RESOLVED, Therefore I move that the Finance Department report within thirty days on the potential divestiture of all deposits in banking and other financial institutions that fail to cooperate with foreclosure prevention efforts that include temporary moratoriums on foreclosures, renegotiation of mortgage principles to reflect current values, and good faith negotiations with mortgagees. BE IT FURTHER

RESOLVED, That the Detroit City Council encourage a similar divestiture by its partner retirement systems — City of Detroit General Retirement and City of Detroit Police and Fire Retirement.

Re: Address: 8864 Pierson. Name: Lavell C. Smith. Date ordered removed: August 1, 2001 (J.C.C. pg. 2325).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

The owner has paid the current taxes due as of February 12, 2009.

The proposed use of the property is rehabilitation and rental. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow

occupancy of the structure without a certificate (as outlined above).

If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. **Water and Sewerage Department  
General Administration**

October 7, 2008

Honorable City Council:  
Re: Water and Sewerage Department Revised Septage Charge.

In addition to providing wastewater services to Detroit retail and suburban wholesale customers, the Water and Sewerage Department provides wastewater treatment services to entities that clean septic systems and discharge the resulting waste into Detroit's wastewater system. These businesses are neither Detroit retail, nor suburban wholesale customers. Instead, these entities are charged a flat fee by the Department for receiving the "septage waste" discharged into the

Detroit system in compliance with state law, MCL 324.11708.

The Department receives approximately 18,500,000 gallons per year of septage waste from the 51 entities regulated under the Department's septage waste-hauling program. The Department recently discovered that the septage charges (established in 1986 at \$10 per 500 gallons) have not been adjusted regularly to reflect the actual cost of treating this waste. Since 1986, there has been a three-fold increase in the actual cost of services being provided by the Department. The proposed revised charge of \$31.00 per 500 gallons will adjust the septage charges to be equivalent to the rate that Detroit retail residential sewer customers are charged and will reflect the actual cost of treating this septage waste.

Your approval of the revised septage charge, with a waiver of reconsideration, is requested. The Board of Water Commissioners approved this revised septage charge on January 23, 2008.

Honorable City Council:

Re: Establishment of the Fort Shelby Hotel Neighborhood Enterprise Zone.

Attached for your consideration please find a resolution and legal description, which will establish the Fort Shelby Hotel Neighborhood Enterprise Zone (NEZ) in accordance with Public Act 147 of 1992 ("the Act").

Your Honorable Body conducted a public hearing on this matter on January 14, 2009 as required by the Act. No impediments to the establishment of the NEZ were presented at the public hearing.

As you may recall the developer proposes to invest \$58 million to complete a

project converting units to condominium for sale, but not before December 31, 2014. The Act requires that at least 60 days must pass from the date of the notice of the public hearing to the date of your formal approval of a resolution establishing the NEZ. We request that you approve the resolution at your first formal session on or after March 30, 2009.

Respectfully submitted,  
DOUGLASS J. DIGGS  
Director

By Council Member Collins:

Whereas, Michigan's Public Act 147 of 1992, the Neighborhood Enterprise Zones Act ("the Act"), provides for the establishment of Neighborhood Enterprise Zones (NEZs), the exemption from *ad valorem* taxes, and the imposition of a specific property tax in lieu of *ad valorem* real property taxes within NEZs; and

Whereas, The City of Detroit meets all the distress criteria set forth within the Act; and

Whereas, The Detroit City Council finds that designation of certain areas as NEZs is consistent with the adopted Master Plan, as amended, and will further the economic and physical development goals and objectives of the City by encouraging new housing starts and housing rehabilitation, thereby aiding in the preservation of existing neighborhoods and preventing further decay in others; and

Whereas, The Detroit City Council has found the establishment of the Fort Shelby Hotel NEZ to be consistent with the Detroit Master Plan of Policies and the neighborhood preservation and development goals of the City; and

Whereas, The Detroit City Council has adopted a statement of goals, objectives and policies relative to the maintenance, preservation, improvement, and development of housing for all persons regardless of income level living within proposed NEZs; and

Whereas, The Detroit City Council has enacted a housing inspection ordinance requiring that before the sale of a unit in a new or rehabilitated facility for which an NEZ Certificate is in effect, an inspection is to be made of the unit to determine compliance with Chapter 26 of the Code of the City of Detroit; and

Whereas, The Act requires that the designation of NEZs must be approved by a resolution adopted by the local governmental unit subsequent to a public hearing at which any taxpayer or resident, or representative of any taxing authority levying a property tax in the City of Detroit, was given the opportunity to

address the requested establishment of an NEZ; and

Whereas, A public hearing on the issue of establishing the Fort Shelby Hotel NEZ was conducted before the Detroit City Council on January 14, 2009, with notice of the public hearing having been given to the general public and by certified mail to every taxing authority levying a property tax with the City of Detroit; and

Whereas, No impediments to the establishment of the Fort Shelby Hotel NEZ were cited;

Now Therefore Be It

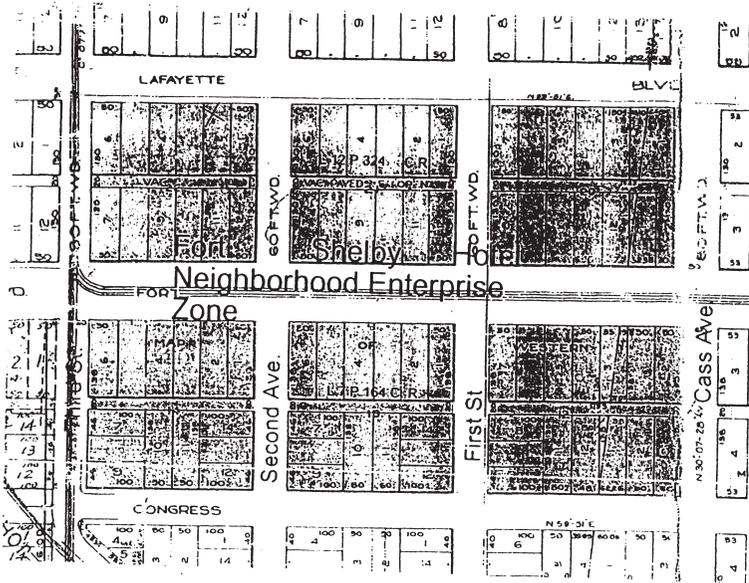

Resolved, That the land area described in the attached legal description, and shown on the attached map, is hereby established as the Fort Shelby Hotel NEZ pursuant to Public Act 147 of 1992, the Neighborhood Enterprise Zone Act and shall co-exist with and be bounded by the provisions of PA 281 and 1967; Section 206.266, item (9), (10), (11) & (12).

**Fort Shelby Hotel

Bordered on the South by Congress

**Finance Department  
Assessment Division**

October 31, 2008

Honorable City Council:  
Re: Fort Shelby Residential Proposed  
Neighborhood Enterprise Zone.

The Assessment Division of the Finance Department has reviewed the proposed Fort Shelby Residential Neighborhood Enterprise Zone (NEZ), bounded on the North by Lafayette Blvd., on the South by Congress, on the East by Cass, and on the West by Second.

The rationale for creating NEZ projects under PA 147 of 1992 must be based on the anticipation of Market Value added to the neighborhood upon completion of the new construction and/or significant rehabilitation of existing housing stock. It should be noted that normal repair and maintenance are not assessed and do not necessarily generate added market value.

The proposed zone has no single Residential, 26 Commercial, and 4 Exempt parcels with an aggregate True Cash Value of \$51,207,490. This site includes several building types (i.e. offices, banks, hotel & parking garages) located within the Central Business District. This NEZ will continue the effort to increase market value.

The Finance Department, Assessment Division concurs with the Planning and Development Department that the area known as Fort Shelby Residential be considered for designation as a Neighborhood Enterprise Zone per PA 147 of 1992, Neighborhood Enterprise Zone Act.

Sincerely,  
J. CASTONE  
Assessor

**Planning and Economic Department**

September 25, 2008

Honorable City Council:  
Re: Master Plan Interpretation for Proposed  
Fort Shelby Hotel Neighborhood  
Enterprise Zone,

In order to ensure consistency with the City's Master Plan of Policies, pursuant to State of Michigan, Public Act 147 of 1992 (section 207.773), the Planning and Development Department's Planning Division submits the following interpretation for the proposed Neighborhood Enterprise Zone (NEZ).

**LOCATION**

**Southwest corner of Lafayette Boulevard and First Street.**

The subject area for proposed NEZ is located in the Central Business District Subsector of the Master Plan of Policies and is generally bounded by Lafayette Boulevard on the north, Cass Avenue on the east, West Congress Street on the south, and Third Avenue on the west.

**EXISTING SITE INFORMATION**

**Future general land use:**

"MC", Major Commercial.

**Existing land and/or building use:**

Vacant Fort Shelby Hotel, various commercial buildings, a multi-story residential structure, a church, and parking.

**Existing zoning:**

B5 (Major Business) for the area west of First (with the exception of the northwest corner of W. Congress and First.

PCA (Restricted Central Business District) for the area east of First, also including the northwest corner of W. Congress and First.

**Size (acreage):**

Approximately 16.5 acres.

**SURROUNDING SITE INFORMATION**

**Future general land use:**

"MC", Major Commercial.

**Existing land and/or building use:**

Primarily multi-story commercial buildings and parking.

**Existing zoning:**

**North:** PCA (Restricted Central Business District) for the area east of First; B5 (Major Business) for the area west of First.

**East:** PCA (Restricted Central Business District).

**South:** PCA (Restricted Central Business District) for the area east of Second; M2 (Restricted Industrial) for the area west of Second.

**West:** PCA (Restricted Central Business District) for the area south of Fort; B5 (Major Business) for the area north of Fort.

**PROJECT PROPOSAL**

**Future general land use:**

"MC", Major Commercial or "SRC", Special Residential-Commercial.

**Proposed land and/or building use:**

The proposed NEZ requested by Fort Shelby Residential, LLC, will accommodate the rehabilitation and conversion of the vacant Fort Shelby Hotel into a mixed-use structure featuring hotel rooms, apartment units, and commercial space. Fifty-two apartment units are to be constructed, including a penthouse unit. These units will begin as rentals with the possibility for conversion into condominium units after five years. When completed, the Fort Shelby will also have more than 200 hotel rooms.

**Proposed zoning (most likely):**

B5 (Major Business) and PCA (Restricted Central Business District); no change.

**INTERPRETATION**

Impact on Surrounding Land Use

The proposed NEZ's infusion of new residential units into this section of downtown will provide a boost for commercial development in the surrounding vicinity, which is currently spotty at best. The redevelopment of the Fort Shelby Hotel will also reverse the negative impact that this long vacant and blighted structure has had on surrounding properties.

Impact on Transportation

A significant increase in auto traffic should be expected for Lafayette Boulevard. An adjacent parking lot provides spaces for Fort Shelby residents and visitors. Proper ingress and egress access points to and from the lot need to be created to prevent backups on Lafayette. DDOT bus routes servicing the area include the Fort, Michigan, and Vernor lines. SMART also operates bus routes along both Michigan and Fort.

Additional Analysis

Subject area Census Tract 5208 shows a healthy 46% increase in population and 33% rise in housing units during the

1990's. The population and housing growth in Tract 5208 may be due in large part to the housing units recently constructed in Corktown and adjacent neighborhoods, just outside of downtown. The Fort Shelby project, along with the renovation and addition of condominiums at the Book Cadillac Hotel, brings promise for the rejuvenation of the western portion of downtown. The proposed NEZ will also bring more balance to the ratio between owners and renters, as currently 99% of Tract 5208 residents are renters.

**MASTER PLAN AMENDMENT**

The proposed Neighborhood Enterprise Zone conforms to the future land use designation of "MC", Major Commercial and conforms to the intent of the Master Plan of Policies. No amendment will be necessary.

**Buildings and Safety

March 18, 2009

Honorable City Council:

Re: Formal Request of the Buildings and Safety Engineering Department (B&SED), for Authorization to receive \$1,336,771 in the Michigan State Housing Department Authority (MSHDA) Cities of Promise Blight Elimination Program for Demolition.

This correspondence serves as a formal request to the Honorable City Council, for authorization for the Buildings and Safety Engineering Department (B&SED), to receive and administer \$1,336,771 in MSHDA Cities of Promise Blight Elimination Program grant for demolition.

The conditions with the \$1,336,771 grant, provided by MSHDA are attached. The City of Detroit has experienced a decrease in BGCD funds and this grant will allow the Buildings and Safety Engineering Department to demolish approximately 665 structures more than our current fiscal year target. This grant will be used to specifically demolish residential structures in the targeted areas.

Therefore, the Buildings and Safety Engineering Department respectfully request that the Honorable City Council approve and adopt the attached resolution. This resolution provides the authorization for B&SED to receive and administer \$1,336,771 MSHDA Cities of Promise Blight Elimination Program grant for demolition.

Respectfully submitted,  
AMRU MEAH  
Director

Approved:

PAMELA SCALES  
Budget Director  
AUDREY P. JACKSON  
Finance Director

By Council Member Tinsley-Talabi:

Whereas, The City of Detroit Buildings and Safety Engineering Department (B&SED) has provided demolition of dangerous buildings under the HUD Block Grant Program for many years.

Whereas, The residential structures that are in the targeted areas have been vacant and abandoned for the past year, creating a deteriorating eyesore for our communities. The majority of the targeted areas have experienced high levels of abandonment and in order to stabilize the neighborhoods we will remove 665 vacant and dangerous structures.

Whereas, We have made a commitment to our communities to redevelop, revitalize and reinforce the targeted areas. Our promise includes creating safe routes to schools. This funding provides the Buildings and Safety Engineering Department with the resources to continue our pledge by demolishing the abandoned vacant structures in the communities.

Whereas, MSHDA Cities of Promise Blight Elimination Program is providing funds for demolition for cities in the State of Michigan. The City of Detroit was listed as one of the cities to be provided funding.

Whereas, The Buildings and Safety Engineering Department is herein formally requesting that the Detroit City Council approve and adopt this resolution, with a Waiver of reconsideration.

Now, Therefore Be It

Resolved, That the Honorable Detroit city Council grant authorization to the City of Detroit, through the Buildings and Safety Engineering Department, to receive and administer \$1,336,771 in MSHDA Cities of Promise Blight Elimination Program funding in support of demolishing 665 residential structures and that the Appropriation Account No. 12442 be increased as indicated.

**RESOLUTION CALLING FOR ESTABLISHMENT OF A TASK FORCE TO MONITOR TRANSPARENCY OF THE FEDERAL ECONOMIC STIMULUS AND RECOVERY FUNDS, INCLUDING CITIZEN PARTICIPATION**

By Council Member Watson:

Whereas, The Obama Administration's enactment of the American Recovery and Reinvestment Act of 2009 (ARRA, or "the Recovery Act") has made significant federal funds available to state and local governments, among others, for purposes of stimulating the distressed United States economy;

Whereas, President Obama, State and Local officials, and the people of the United States of America have all declared that these funds must be used for the benefit of the country as a whole and to stimulate economic activity and jobs as provided in the ARRA, not for windfall profits to well-positioned special or business interests;

Whereas, Ensuring that these funds are used properly and efficiently for their intended purposes, and not wasted or usurped by special interests, will require a high level of transparency and intensive and democratic oversight of the process, especially in light of the expedited timeline for implementation of projects, and the massive amounts of money involved;

Whereas, The Detroit City Council's Quality of Life Task Force meeting on Friday, March 13, 2009, attended by numerous state legislators and citizens of the City of Detroit, determined to form a task force to monitor the transparency of the federal economic stimulus and recovery funds, with citizen participation;

It is not intended to fund projects for special interests. In implementing the Recovery Act, we have undertaken unprecedented efforts to ensure the responsible distribution of funds for the Act's purposes and to provide public transparency and accountability of expenditures"; and

**TESTIMONIAL RESOLUTION FOR**

**DR. LEON GANT, D.D.S.**

By COUNCIL PRESIDENT CONYERS:

WHEREAS, Dr. Leon Gant was born in Albion, Michigan on September 28, 1923 to Julius Gant, Sr. and Cornelia Baxter Gant. His parents later moved the family to Michigan in 1922 from Alabama to secure work for Mr. Gant Sr. in the foundries of Albion. Through high school Dr. Gant was extremely involved in athletics and upon graduation from Washington Gardner High School in 1941 received a full athletic scholarship to Xavier University for track; and

WHEREAS, Once entering Xavier University he proceeded to major in their pre-dental program and was preparing to transfer to MeHarry Medical College to study dentistry when he was drafted into the U.S. Army in 1943. Three years later in 1946, he returned home to start his studies at Meharry Medical School, successfully graduating in 1949 from the School of Dentistry; and

WHEREAS, Dr. Leon Gant later returned to Michigan working in an established practice in Kalamazoo, Michigan before serving in the Korean Conflict as a commissioned First Lieutenant in the Dental Corps in 1951, until he was honorably discharged in 1953. Returning home after his discharge in 1954 from the U.S. Army, he established his own practice on 12th Street near Virginia Park in Detroit, Michigan. Shortly after establishing his own practice, he became the first African American dentist to be appointed to the staff at the Wayne County General Hospital. However, his tenure at the Wayne County General Hospital was short, as he left the hospital to devote his full energy and attention to his private practice; and

WHEREAS, Dr. Gant spent some of his career affiliated with the Burton Mercy Hospital before relocating his private practice in 1972 to 15101 Plymouth Rd. in Detroit, Michigan. To reach his goal of increasing the number of African Americans interested in becoming dentists, Dr. Gant worked with the Dental Career Day Program at the University of Michigan and the University of Detroit during his time as President of the Wolverine Dental Society; and

WHEREAS, Along with the time he contributes to his career, he also holds memberships with the Wolverine Dental Society, American Dental Association, Michigan Dental Association. Euwel Neil Dental Society, and the Detroit District Society. Not to mention he is a lifetime member of the National Association for

the Advancement of Colored People. In continuation to the many organizations and societies in which he is part of, he has also held positions in each of the professional dental groups to which he belongs. NOW, THEREFORE BE IT

RESOLVED, That Council President Monica Conyers and the Detroit City Council along with the Alabama A&M University Alumni Association acknowledge the profound purpose of life, love and giving that you have taught and continue to teach everyone you come in contact with. May you continue to touch lives through dentistry and your private practice.

**TESTIMONIAL RESOLUTION  
FOR  
SOUTHWEST DETROIT BRANCHES  
OF THE NATIONAL ASSOCIATION  
FOR THE ADVANCEMENT OF  
COLORED PEOPLE (NAACP)  
CENTENNIAL CELEBRATION**

By COUNCIL PRESIDENT CONYERS:

WHEREAS, Founded on February 12, 1909, the National Association for the Advancement of Colored People (NAACP), the nation's oldest and largest most widely recognized grassroots-based organization with more than half-million members and supporters throughout the United States and the world, celebrate its nationwide Centennial Anniversary on February 12, 2009; and

WHEREAS, The NAACP was formed partly in response to the continuing horrific practice of lynching and the 1908 race riot in Springfield; the capital of Illinois and birthplace of President Abraham Lincoln. The NAACP's principal objective is to ensure the political, education, social and economic equality of minority group citizens of the United States and eliminate racial prejudice. It seeks to remove all barriers of racial discrimination through the democratic processes; and

WHEREAS, With a strong emphasis on local organizing, by 1913, the NAACP had established branch offices in such cities as Boston, Massachusetts; Baltimore, Maryland; Kansas City, Missouri; Washington, D.C.; Detroit, Michigan and St. Louis, Missouri. the NAACP membership grew rapidly from around 9,000 in 1917 to around 90,000 in 1919, with more than 300 local branches; and

WHEREAS, During the Great Depression, in the 1930s, which was disproportionately disastrous for African Americans, the NAACP began to focus on economic justice. After years of tension with white labor unions, the Association cooperated with the newly formed Congress of Industrial Organizations in an effort to

win jobs for black Americans. President Roosevelt ultimately agreed to open thousands of jobs to black workers and setup a Fair Employment Practices Committee (FEPC) to ensure compliance; and

WHEREAS, During the Civil Rights Era, by the 1950's, the NAACP Legal Defense and Educational Fund; headed by Marshall, secured the last of these goals through *Brown v. Board of Education* (1954), which outlawed segregation in public schools. The NAACP's Washington, D.C., Bureau, led by lobbyist Clarence M. Mitchell, Jr. helped advance not only integration of the armed forces in 1948 but also passage of the Civil Rights Acts of 1957, 1964, and 1968, as well as the Voting Rights Act of 1965; and

WHEREAS, Despite such dramatic courtroom and congressional victories, the implementation of civil rights was slow, painful and oft time violent. The Civil Rights Movement of the 1950s and 1960s echoed the NAACP's goals, but leaders such as Martin Luther King, Jr., of the Southern Christian Leadership Conference, felt that direct action was needed to obtain them; and

WHEREAS, Heading into the 21st century, the NAACP focused on disparities in economics, health care, education, voter empowerment and the criminal justice system, while also continuing its role as a legal advocate for civil rights issues until the promise of America is made real for all Americans.

NOW, THEREFORE BE IT

RESOLVED, That Council President Monica Conyers and the Detroit City Council hereby congratulate the Southwest Detroit Branches of the National Association for the Advancement of Colored People (NAACP) on its Centennial observance and also, expresses appreciation for its 100 years of dedicated service to the City of Detroit and the world.

**Invocation**

Father, in the name of Jesus, we bring before You the Detroit City Council Members and their staff this day, April 7, 2009.

We pray that skillful and godly wisdom has entered into the hearts of our Civic Leaders and that knowledge is pleasant to them, that discretion watches over them and understanding keeps them and delivers them from all evil and the appearance thereof.

Father Your word says that You reprove leaders for our sakes so that we may live a quiet and peaceable life in all godliness and honesty.

We pray that the upright shall dwell in this governmental body, that men and women of integrity, blameless and complete in Your sight, shall remain.

We pray for loving-kindness, mercy, truth and faithfulness to be preserved in those that are in authority and their offices are upheld by the integrity and loyalty of the men and women in which they serve.

We believe and therefore confess that the decisions made by the leaders are divinely directed by You, and their mouths should not transgress in judgment. Therefore, the leaders are men and women of discernment, understanding and knowledge.

We pray that the uncompromisingly righteous be in authority in the City of Detroit so that the people can grow and develop this City to be a beckon throughout our State, and our Country. And when the world sees the City of Detroit recover from what they call an economic crisis they will know that it was by You leading

your Leaders through grace and mercy that we have overcome.

Father we pray a blessing upon this meeting. That You guard the hearts and the minds of all those involved. That the decisions made today will be for the common good of the residents of our Great City, Our State and Nation.

We covenant with You to give You all of the Glory and All of the Honor and May we continue to abide in Your will as we move forward in 2009.

In Jesus Name Amen.

Secondly, Mr. Halloway indicated that he cannot find a job in the city but taxes are still being taken from his check. He doesn't feel it's fair that the city keeps taking money out of his check if he can't find a job in the city in which he lives.

Mr. Parker lastly indicated that an employee that came to him and reported to him that WS-668 was passed. The employee indicated that he was concerned about his job and wanted to know if he needed to make preparations to do other things. Bernard Parker responded that he doesn't know. But asks for compassion from the City Council as they review this contract, compassion as they continue to vote, and compassion as they continue to lead the city.

**Mother Rudell Holmes** — Offered a Prayer. Mother Holmes thanked Council for all they've done for her. In addition, she requested that Council would help her with two windows that she needs repaired. (Council President Monica Conyers requested that the matter be taken up by the Mayor's Office.)

Honorable City Council:

Re: Request permission to accept an increase for the Underage Drinking: Safe Communities Grant for the Fiscal Year 2008/2009.

The Michigan Office of Highway Safety Planning (M.O.H.S.P.) has awarded the Detroit Police Department the "Underage Drinking: Safe Communities" grant in the amount of \$120,000.00, with no cash match. The grant, formerly known as the Youth Alcohol Reduction grant, is currently in the Fiscal Year 2008/2009 Budget for \$20,000.00 (Appropriation #12543/Cost Center 372184). Fortunately, the Detroit Police Department was awarded a \$100,000.00 increase.

In the past, enforcement activity occurred only in the Central District. With the increased funding, enforcement activity can now occur in all six Districts. The funding allows for payment of personnel overtime wages, equipment and supplies. The goal of the Michigan Office of Highway Safety Planning is to eliminate the underage consumption of alcohol at special events, eliminate adults furnishing alcohol to minors, reduce the number of alcohol-related traffic crashes and promote community awareness of problems associated with underage drinking. This program emphasizes education, prevention, and enforcement to discourage minors from consuming and attempting to consume alcohol.

Sergeant Pride Henry, of the Central District, will continue to serve as the Project Director.

Acceptance of the aforementioned grant requires your approval and adoption of the attached resolution. The Board of Police Commissioners has been apprized of the increase in the award amount and approves the Detroit Police Department's participation.

If you have any additional questions or concerns regarding this matter, please feel free to contact me at 596-1800, Monday through Friday, 9:00 a.m. to 5:00 p.m.

Respectfully submitted,  
JAMES R. BARREN, Ph.D.  
Chief of Police

Honorable City Council:

Re: Budget Amendment for Auditing Assistance for Fiscal Year 2008-09.

The Finance Department is responsible for preparing the City's Comprehensive Annual Financial Report (CAFR). The document is necessary to not only present to the public the City's financial picture but also to provide Federal, State and others the information needed for these bodies to award funding to the City. The Department respectfully requests additional funding of \$1,032,629 in Appropriation 00245-Accounts Division for accounting services.

The Finance Department has determined that this is the amount needed to secure accounting services for the 2008 CAFR.

The City of Detroit has received reimbursement of Medicare Part D funds previously applied for in Fiscal 2006 in the amount of \$6,681,412.01 of which \$2,500,000 was appropriated for the upcoming special elections, \$2,142,000 for various auditing services, and \$1,006,783 for TCM debt payments, leaving \$1,032,629 available. We propose appropriating the remaining \$1,032,629 of this amount to fund the aforementioned accounting services.

A waiver of reconsideration is requested.

**RESOLUTION IN SUPPORT OF SENATE BILL 397 AND HOUSE BILL 4576**

By COUNCIL MEMBER WATSON:

WHEREAS, Michigan law (*Public Act 480 of 2006*) created the "Uniform Video Services Local Franchising Act."

WHEREAS, The Act essentially voided existing contracts — commonly called "franchise agreements" — between local units of government and cable television operators.

WHEREAS, the new law also compelled the Michigan Public Service Commission to create a standardized form that henceforth, starting January 1, 2007, prescribes the contractual relationship between a local unit of government, which the Act defines as the "franchising entity," and said cable operators and/or prospective "video service providers."

WHEREAS, Key to breaking the stalemate during negotiations on the new law was cable operators and video service providers agreeing to pay a franchising entity a fee for public, education and government (PEG) access facilities "not to exceed 2% of (the) gross revenue" received by the cable operators and video service providers from subscribers within the jurisdiction of a franchising entity.

WHEREAS, The fee for PEG is in addition to the "annual video service provider fee" that all cable operators and video service providers must pay a franchising entity in an amount "not to exceed 5%" of the gross revenue received by the cable operators and video service providers from subscribers within the jurisdiction of a franchising entity.

WHEREAS, There is a wholesale agreement among negotiators of the new law that the Michigan Legislature when passing and Governor Jennifer M. Granholm when signing the bill that became Public Act 480 of 2006 intended to authorize all franchising entities to assess cable operators and video service providers a fee for PEG "not to exceed 2 percent of gross revenue."

WHEREAS, At least one cable operator — Comcast Cable Communications, Inc. — that has applied for a Uniform Video Service Local Franchise Agreement in the City of Detroit asserts that the Act, as currently written, does not require it to pay the City of Detroit a PEG fee "not to exceed 2 percent of gross revenue."

WHEREAS, The City of Detroit repudiates and considers despicable Comcast's attempt to exploit a loophole in the Act to flout its financial obligation to the City of Detroit.

WHEREAS, Comcast manifests wan-ton disregard for the residents of the City of Detroit who buy its product by attempting to avoid paying the City of Detroit a PEG fee, which would be used to support broadcasts of meetings of various governing bodies — such as the Detroit City Council and the Detroit Board of Education — and to promote the overall health, safety and well being of the Detroit community.

WHEREAS, Senate Bill 397 and House Bill 4576 — sponsored by the honorable State Senator Buzz Thomas and the honorable State Representative Vicki Barnett, respectively — seek to close the aforementioned loophole in the Act and affirm the Legislature’s intent that all cable operators and video service providers shall pay all franchising entities a fee for PEG not to exceed 2% of gross revenue.

WHEREAS, passage of Senate Bill 397 or House Bill 4576 is important not only to clarify the Legislature’s intent pertaining to payment of late fees for PEG but also to ensure a balanced playing field among cable operators and video service providers that are competing for the same consumers. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council urges the Michigan Legislature to pass and Governor Jennifer M. Granholm to sign into law expeditiously either Senate Bill 397 or House Bill 4576. AND BE IT FINALLY

RESOLVED, That the Detroit City Clerk is instructed to send copies of this adopted resolution to the Honorable Governor Jennifer M. Granholm, The Honorable City of Detroit Mayor Kenneth V. Cockrel, Jr., the Honorable State Senator Buzz Thomas; the Honorable State Representative Vicki Barnett, Executive Director of the Detroit Cable Commission Celeste McDermott and City of Detroit Lansing Lobbyist Kenneth Cole.

Re: U.S. EPA Administrative Order on Consent - Settlement Offer in the Matter of: Mercury Refining Superfund Site, Towns of Guilderland and Colonie, New York. U.S. EPA Docket No. CERCLA-02-2009-2006.

We have reviewed the above-captioned matter, the facts and particulars of which are set forth in separately submitted confidential settlement memorandum. From this review, it is our considered opinion that the U.S. EPA Administrative Order on Consent Settlement Offer in the amount

**PUBLIC COMMENT**

**Bill McMaster, State Chairman of**

**Taxpayers United:** We attempted to enter into this lawsuit regarding Cobo Hall on the side of City Council for a number of good reasons. In short, we have supplied you with those blue new releases that we're arguing in court. We have an emergency motion for reconsideration which is still standing, and as of five minutes ago, the judge still hasn't ruled. We're most concerned about the inability of the people of Detroit, let alone Wayne, Oakland and Macomb Counties to vote yes or no on the development of a Regional Authority to take over Cobo Hall. We're urging you to kill the Cobo Hall Regional Authority for

constitutional reasons and secondly to keep it in the hands of Detroit, which will open the door for stimulus money. The Governor has said that she has \$344 million dollars worth of non-earmarked money and the stimulus money has to fill the bill.

**Dr. Dawn Francis, Environmental:**

There's something that I'd like to do for the city and that is to place units around the city, based upon the ten areas that I helped to develop under former Mayor Dennis Archer. I don't know exactly where I am and where I should be with the Council, but we've shown interest. I came back to say that very good things have happened and I want to share them with you relative to the projects that would make us very pleased. I'd like to have a closed session with this committee, there are things that you should know that I haven't been able to put into the public eye and some surprised things that are going on. Do you think that's possible?

**President Monica Conyers:** Mr. Hunt will meet with you to hear what you have to say to the Committee of the Whole.

## RESOLUTION

By ALL COUNCIL MEMBERS:

THE FOLLOWING ITEM(S) ARE BEING REFERRED TO THE BUDGET, FINANCE, AND AUDIT STANDING COMMITTEE:

### CITY COUNCIL FISCAL ANALYSIS DIVISION

1. Submitting report relative to Status of General Fund Appropriations through March 31, 2009 which marks the end of the 3rd quarter of the City's 2008-09 Fiscal year. (City Council Fiscal Analysis Division concludes that development, monitoring and amendment of the budget is the management tool that allows a government to control and adjust expenditures in the current period to prevent deficit spending, whether due to over expenditure of appropriations or shortfalls in revenue collections; which need to be made during the actual fiscal period. The process of waiting until the end of the period reporting is available to determine the surplus/deficit status of the organization, or the production of the Comprehensive Annual Report (CAFR), cannot be used to prevent deficits; the budget and budgeting process needs to be used if the City is going to reach the point of operating the current fiscal period in a manner that will result in a year ending balanced, whereby it can successfully attack and eliminate the accumulated deficit estimated at more than \$250,000,000.00, as of June 30, 2009, which violated the charter, state law, and is a usurp of the legislative branches authority to establish programs and funding levels.

Re: Ruby Davis, Dorothy Davis, and Dorothy Davis as Personal Representative of Estate of Star Lee Davis vs. City of Detroit. Case No. 08-103121. File No. A24000.000748 (CB).

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in a confidential memorandum that is being separately hand-delivered to each member of your Honorable Body. From this review, it is our considered opinion that the City should agree to the entry of an Order of Dismissal and enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution.

We, therefore, request authorization to agree to entry of an Order of Dismissal and to enter into an Agreement to Arbitrate on the terms and conditions set forth in the following resolution and, upon certification by the Law Department that the arbitrators have announced a decision requiring the City to pay a designated sum to the Plaintiffs, that your Honorable Body direct the Finance Director to issue a draft payable to Ruby Davis, Dorothy Davis, and Dorothy Davis as Personal Representative of Estate of Star Lee Davis and their attorneys, David J. Jarrett, P.C., in the amount the City is to pay the Plaintiffs pursuant to the arbitrators' decision, but said draft shall not exceed One Hundred Twenty-Five Thousand Dollars (\$125,000.00).

Re: Departmental Recommendation.

Petition No. 3206 — Pulse, requesting Outdoor Café Permit in front of 156 Monroe.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2009.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without prior approval from DHWP Food Sanitation Section.

The approval from the Central District Precinct of the Police Department does not cover serving liquor in the outdoor café area until the Detroit Police Department Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to terms and conditions provided in the attached Resolution.

**City Planning Commission**

March 30, 2009

Honorable City Council:

Re: Meeting with Detroit International Bridge Company regarding comments via resolution to the U.S. Coast Guard concerning the Ambassador Bridge Enhancement Project and related request for access to Public Activity Improvement Bonds. (DEPARTMENTAL REPORT).

On Tuesday, March 23, 2009, during a Committee of the Whole session your Honorable Body received Mr. Ken Dobson of the Detroit International Bridge Company (DIBC) as he spoke in response to the City Planning Commission (CPC) staff resolution, which was presented for your consideration as comment on the Final Environmental Assessment (FEA) document and the Finding of No Significant Impact (FONSI) for the Ambassador Bridge Enhancement Project. Mr. Dobson indicated that DIBC had a number of concerns over accuracy of the resolution and

desired the chance to address all of their concerns prior to the Council voting on the matter. It was determined that action on the resolution would be deferred and a Committee of the Whole meeting would be scheduled for Monday, March 30, 2009 at noon to hear from the DIBC. At that time, CPC staff was also directed to meet with the DIBC.

A meeting was scheduled with the DIBC for Friday, March 27th at 10:00 A.M. Participants included the Law Department, Environmental Affairs (lead agency for the Administration), the Research and Analysis Division and the staff of both the Historic Designation Advisory Board and the CPC. DIBC called that morning to indicate that representatives could not be physically present for the meeting, but would participate via phone.

When the meeting began, Mr. Stamper of the DIBC expressed concern for the presence of the Law Department. Law was present chiefly because of the current litigation between the City and the DIBC, but also because of Law's understanding of limitations on Riverside Park. We agreed to continue the meeting without Law Department attorneys Gaabo and Nader, and to reconvene at a 1:00 PM session including the DIBC attorneys, if need be. We assumed with staff trying to ascertain the specific problems the Bridge Company had with the resolution and the DIBC trying to understand where the City was getting its information from. Staff explained the thrust of the resolution extends from: Council's desire to support the community's request that the U.S. Coast Guard require an Environmental Impact Statement be prepared; outstanding Canadian issues; the restrictions on Riverside Park, which would have to be addressed before anything other than recreation could take place there; and concerns for the historic, architectural and engineering significance of the Ambassador Bridge. Mr. Stamper expressed his dismay with the accuracy of the City information.

There were several exchanges with city staff again attempting to determine what specific problems the DIBC has with the resolution, which was the reason the meeting was convened. We requested that Mr. Stamper put the DIBC's concerns in writing. He requested that we put our questions in writing. Finally, we agreed to reconvene via phone again at 1:00 PM without attorneys present.

Shortly after 1:00 PM the meeting began again with much of the same dialogue giving way to Mr. Stamper's request that Monday's City Council meeting be postponed because the U.S. Coast Guard had extended the comment period for another 30 days. Mr. Stamper felt that the additional time would afford a face-to-face

meeting the week of March 30th and subsequent return before the City Council. Mr. Stamper also noted that the Department of Homeland Security will be issuing a security report in the near future on Riverside Park. At this point it became clear that Mr. Stamper and his attorney wanted to facilitate negotiations for the purchase of Riverside Park. Staff indicated that we were not in the position to make that determination or authorize such meetings. Mr. Stamper proposed that we check with the Mayor's office to determine if such a meeting was possible. We concluded the meeting agreeing to contact Mr. Stamper after hearing from the Mayor's office.

The Mayor's office was contacted and Deputy Mayor Green responded. Mr. Nader and Mr. Gaabo explained the circumstances and the nature of Mr. Stamper's request. Mr. Green expressed his reservation and indicated that the Mayor's office had no interest in meeting with the DIBC at this time. Mr. Stamper was informed and it was understood that we would follow through with the Council session as scheduled.

While we were not able to ascertain the specific issues the DIBC had with the resolution we did discuss some minor revisions and clarifications. Per the resulting input a slightly revised resolution is attached.

Respectfully submitted,  
MARCELL R. TODD, JR.

By: Council Member Tinsley-Talabi on behalf of Council President Pro Tem Watson:

Whereas, on February 27, 2009, the United States Coast Guard issued a public notice that it had approved a Final Environmental Assessment (FEA) and Draft Finding of No Significant Impact (FONSI) that evaluated the potential environmental impacts of the proposed Ambassador Bridge Enhancement Project (ABEP); and

Whereas, The proposed enhancement project would involve the construction of an approximately 6,200 feet long, 6-lane cable-stayed bridge over the Detroit River just west of the existing Ambassador Bridge; and

Whereas, The United States Coast Guard announced the availability of the FEA and Draft FONSI for a 30-day review and comment period concluding on March 30, 2009; and

Whereas, On March 17, 2009, the Coast Guard held a public meeting on the FEA and Draft FONSI at which there was overwhelming concern raised by residents demanding that a full Environmental Impact Statement (EIS) be conducted in review of the proposed project; and

Whereas, For more than a decade the Ambassador Bridge has been the busiest

commercial crossing between the United States and Canada, connecting two densely populated urban areas and carrying over 3 million trucks annually; and

Whereas, An infrastructure improvement project of this magnitude demands thorough, consistent, and coordinated public scrutiny and community involvement, particularly given that this project is to be undertaken by a private entity; and

Whereas, City Council Members and area residents have raised strong concerns about the impact of the proposed project on air quality, health, vibration, existing noise levels, traffic, adjacent development, property values, quality of life, environmental justice, and historic structures such as Ste. Anne's Church and the Ambassador Bridge itself; and

Whereas, An Environmental Impact Statement was required and prepared for Detroit River International Crossing (DRIC) study, which is the Bi-National undertaking of the US and Canadian governments to explore, identify and prepare for the construction of a new border crossing between Detroit and Windsor; and

Whereas, The Environmental Protection Agency has requested an extension of the comment period for the FEA and Draft FONSI; and

Whereas, Given its proximity to the existing Ambassador Bridge, the proposed ABEP six-lane cable-stayed bridge would create a negative aesthetic dwarfing the existing bridge, which is a suspension bridge eligible for listing in the National Register of Historic Places; and

Whereas, The DRIC EIS provided a detailed study of both cable-stayed and suspension bridge options and did not rule out the suspension option as a viable alternative; and

Whereas, A new suspension bridge design, even with required piers outside the water and resulting taller piers, would have a considerably lesser negative aesthetic impact on the existing Ambassador Bridge and surrounds; and

Whereas, The Detroit City Council continues to be concerned with the potential impacts of a second span on the City of Windsor, the Host City on the Canadian side of the border; and

Whereas, Canadian government at the local, provincial and federal levels have concluded they will pursue implementation of plaza location and bridge alignment determined by the DRIC study; and

Whereas, While the DRIC Study did not select the ABEP, it did highly rate the potential of a second crossing in the area of the Ambassador Bridge on the US side of the river, however, the ABEP has yet to obtain the necessary approvals to construct the Canadian portion of the new span; and

Whereas, The DIBC needs the rights to a significant portion of the Riverside Park

for the location of structural and mechanical elements of the ABEP; and

Whereas, The Detroit International Bridge Company (DIBC) does not have the necessary approvals to encroach upon the rights-of-way south of the bridge plaza that would be needed for construction of the bridge on the US side; and

Whereas, After the events of September 11, 2001, the Detroit International Bridge Company fenced off portions of Riverside Park and W. Jefferson Ave. with limited authorization, and in late 2008, the City of Detroit filed a lawsuit against the DIBC initiating an eviction process against the DIBC, which is still in litigation; and

Whereas, Land comprising Riverside Park was acquired and improved with grants from the National Park Service Land Water Conservation Fund (LWCF) and the Michigan Natural Resources Trust Fund (MNRTF); and

Whereas, The program requirements of the LWCF and the MNRTF stipulate that the park can only be used for recreational purposes in perpetuity; and

Whereas, Any use of the Riverside Park in addition to or other than recreational may constitute a violation of state and federal law. Now, therefore, be it

Resolved, That the City of Detroit cannot at this time support the Ambassador Bridge Enhancement Project given the issues described above, chiefly those associated with the use of Riverside Park; and be it also

Resolved, That the Detroit City Council calls for the decisions of the United States Coast Guard to be deferred in the spirit of Bi-National cooperation until such time as all requisite approvals for the ABEP on the Canadian side of the Detroit River have been obtained and the use and encumbrance of Riverside Park, as well as any related litigation with respect to same, have been resolved; and be it further

Resolved, That the Detroit City Council urges the United States Coast Guard to require an Environmental Impact Statement in its continued review and consideration of the bridge permit application of the Detroit International Bridge Company; and be it further

Resolved, That due to the visual adverse impact of the proposed cable-stayed bridge on the existing Ambassador Bridge, the Detroit City Council insists that any new span be a "complementary" suspension bridge and that the cable-stayed alternative, which would have a negative aesthetic impact, be prohibited; and be it further

Resolved, The Detroit City Council finds it appropriate, and requests of the Detroit International Bridge Company, that any physical changes or alterations to the existing Ambassador Bridge, in the event of the ABEP being approved, be subject to

review and approval by the City Council, its divisions and other City agencies in order to help protect the Ambassador Bridge's historic significance; and be it finally

Resolved, That a copy of this resolution be forwarded to the United States Coast Guard and other interested parties.

**STATEMENT BY COUNCIL MEMBER SHEILA M. COCKREL REGARDING "NO" VOTE ON TWO RESOLUTIONS REQUESTING FEDERAL STIMULUS FUNDS AND FEDERAL EARMARKED FUNDS FOR THE EXPANSION AND RENOVATION OF COBO CENTER**

Today I voted "No" on two resolutions requesting funds for the renovation and expansion of Cobo Center. The first resolution requested that the federal government allocate funds earmarked for renovating and expanding Cobo Center. The second resolution called for Federal Stimulus Funds to be provided for the renovation and expansion of Cobo Center.

My colleagues voted to reject the transfer of Cobo Center to a Regional Authority, which would have provided funding for the immediate renovation and expansion of Cobo Center as well as eliminated the debt the City incurs with maintaining the dilapidated facility. The legislation to establish a Regional Authority was not by any stretch of the imagination a panacea for our City, but it was a comprehensive, negotiated plan that served our needs in these trying economic times. I still believe that regional cooperation to renovate and expand Cobo Center is essential to Detroit's economic survival.

The Governor has repeatedly stated that American Recovery and Reinvestment Act funds are not available for the renovation of Cobo Center, nor does Cobo Center qualify for these funds, even if they were available. Further, I would say "good luck" to anyone requesting that federal funds be earmarked for the renovation and expansion of Cobo Center when we already had a mechanism by which Cobo Center would receive the necessary renovation and expansion, which was rejected without a viable alternative.

As I have stated, it is extremely unlikely that the stakeholders will return to the table any time soon to craft new legisla-

tion which is suitable to the opposing members of Council. In all honesty, we may have had our last bite at the apple. The future of Cobo is very uncertain.

March 31, 2009

Honorable City Council:

Re: Budget Amendment for Auditing Assistance for Fiscal Year 2008-09.

The Finance Department is responsible for preparing the City's Comprehensive Annual Financial Report (CAFR). The document is necessary to not only present to the public the City's financial picture but also to provide Federal, State and others the information needed for these bodies to award funding to the City. The department respectfully requests additional funding of \$1,032,629 in Appropriation 00245-Accounts Division for accounting services.

The Finance Department has determined that this is the amount needed to secure accounting services for the 2008 CAFR.

The City of Detroit has received reimbursement of Medicare Part D funds previously applied for in Fiscal 2006 in the amount of \$6,681,412.01 of which \$2,500,000 was appropriated for the upcoming special elections, \$2,142,000 for various auditing services, and \$1,006,783 for TCM debt payments, leaving \$1,032,629 available. We propose appropriating the remaining \$1,032,629 of this amount to fund the aforementioned accounting services.

A waiver of reconsideration is requested.

WHEREAS, Mr. John Roach was born in Livonia, Michigan in 1965, before moving to Detroit in 1992. He started working in 1990 as a media relation's assistant for Wayne County Executive, Ed McNamara. However, his job soon changed, as he became a part of the vaunted McNamara "Creative Team". He was responsible for special projects that came out of the McNamara office, such as innovative brochure designs, early pitches for the twin downtown stadium, scripts for the Ed & Brooks show featuring McNamara & Oakland County Executive L. Brooks Patterson, and many more tasks; and

WHEREAS, In 1994, Roach was promoted to the position of communications director and spokesman for the county's department of public service, which included road maintenance and construction. For the next eight years he was recognized for many accomplishments, some being the pioneer in road building, having built the first mile of concert highway (Woodward from Six Mile to Seven Mile) and the first below grade urban freeway (the Davison), and also the modern day innovations and email alerts to notify drivers of different road precautions. Seven Mile Road between Littlefield and W. Outer Drive had the alley fenced off illegally; two (2) determinations were made: the removal of the fence and a dumpster from the open public alley would eliminate the need to encroach 8.00 feet into the public right-of-way with a driveway; secondly, to encroach into the public right-of-way with a driveway, which found a utility pole right on the property line which would be expensive to remove and relocate; therefore, a citation was issued to the businesses on West Seven Mile to remove the obstruction allowing Ms. Slater access to the public alley. Another site visit was conducted on May 22, 2008, as of March 27, 2009 the peti-

tioner had a clear path to the rear of property and garage; therefore, recommendation denial.)

#### PUBLIC COMMENTS

**Paul Jones, Tabernacle Baptist Church:** I just wanted to ask you to request that we obtain the same place that we had every year for our annual picnic. I went through the proper procedures and they told us that our church is too big; they wanted us to move one-hundred yards and charge \$750 dollars.

**M. Conyers:** I did submit that information to the department, Parks and Recreation, and I haven't received an answer as to why they are moving my church. I've been there for twenty years and we've always had the same place. Just because we have a bigger church doesn't mean that we have to be moved.

**Paul Jones:** I want to know the procedures so we can proceed with our annual picnic. I still need to obtain permits but it wouldn't be wise to obtain permits if I can't use them. The event is on the 18th of July and we need to get permits.

**B. Collins:** GRANT SUBJECT TO CONDITION.

**Paul Jones:** The event is on the 18th of July and we need to get permits.

**M. Conyers:** We just took care of it, IT'S BEEN MOVED AND SUPPORTED.

**A. Robinson, Mayor's Office:** I was going to ask for more information.

**M. Conyers:** Ms. Gardner will gather the information.

**Reverend Anthony Johnson:** I received a report from Lewis Smith, Law Department, stating that I never owned the property at the time of the demolition. I received information from Lansing stating how the Law Department is trying to cover up information and deceive City Council. They're also trying to charge me for sidewalk repair which caused a lien on my taxes.

**M. Conyers:** I'M GOING TO REFER YOU TO MS. GARDNER OF THE MAYOR'S OFFICE.

**Abdul Alindani, 4027 Oliver St.:** I had a home based business and I've been struggling for a long time; I need help. Now I want to open the business again and I need information on how to obtain help from the State of Michigan relative to stimulus money. In addition, I'd like to help women get shelter and foster care for children, therefore I need information on how to do this.

**Ms. Person:** I'm here to talk about Chandler Park. They want to give this park land away to different entities and it's not right. We've strived to make this a park for the citizens of Detroit, so why would they want to give it to an organization that didn't have the money? Why didn't they repair the park? God works in mysterious ways, therefore we're getting the park back because they didn't have the matching funds. In addition, we have several houses in my neighborhood that needs demolition but they're still standing; make a recommendation to demolish those houses.

**M. Conyers:** I did.

**Ms. Person:** We can no longer live around these abandoned homes.

**M. Conyers:** I'LL GET THOSE ADDRESSES FROM YOU AGAIN AND WE'LL PUT THEM ON THE EMERGENCY DEMOLITION LIST.

**Marilyn Williams:** I'd like to question recreation for our children. I'm aware that the water rates are going up and during the summer months, we find that sometimes they open up fire hydrants; water is all over the area. What is going to be done for our students relative to recreation this summer?

**M. Conyers:** We're going to have summer jobs but we have to get this five-year report from Parks and Recreation passed;

I think it'll be here in thirty days and we'll have to vote on it because it is stopping us from getting money from the State of Michigan.

**J. Watson:** On Saturday, May 23, 2009, there will be a Youth Commission Meeting in the Michigan Room at Cobo Hall which is designed for young people age fourteen (14) and over; it will include information on summer jobs, and applications. In addition, it will include a consortium of youth serving groups and cultural activities for young people. The Police Department will target young people to work with them to do community policing. It's a wonderful meeting planned, therefore, our young people should attend.

**Minister Malik Shabazz:** Looking at the January 17, 2000 issue of the Free Press, it talks about the Empowerment Zone, and how \$84 million dollars was sent back to Washington, D.C., which should have been used for the community. On page 8A, there's an article speaking about the same issue that Ms. Person talked about, those same houses that needs to be demolished. In 1996, we received a letter from former Mayor Dennis Archer promising to address these issues. It's 2009 and these issues are still not addressed, which is a Human Rights violation. I think the State Democratic Party is having a convention today at Cobo Hall where unfortunately the leader of the Democratic Party and our Governor doesn't think the stimulus money should be used to expand Cobo Hall to a minimum of one-million feet. We need to go to the Democratic Convention and make it clear that we want those stimulus dollars used for the expansion of Cobo Hall, to create jobs, and to help citizens that are losing their homes. We do not want the stimulus money to be used to pay the State of Michigan deficit. The State of Michigan owe us revenue sharing money and we've been cheated for years. We should have sued the State. Lastly, I'd like to say that they should be no recall of our Council President. I'm glad to see Council Member Collins and Council Member Jones back to work which is another witness of the power of God.

**M. Conyers:** Thank you.

**M. Conyers:** Ms. Person, Council Member Talabi and I will make sure that those homes are demolished. We're going to move those homes to the top of the list and I'll have a meeting with the Mayor.

**Gabriel Alaziz:** I'd like to know the chain of command concerning the ten thousand constituents within my district. What, if any, is in the stimulus program for the Citizen's District Council? We were given a budget and at some point under the Archer's administration, that budget

has disappeared; \$13 thousand dollars has disappeared. How will this stimulus package help Parks and Recreation?

Re: Departmental Recommendation Petition No. 3172 — Enoteca Camp Marzio, request for Outdoor Café permit at 660 Woodward Avenue and Cadillac Square.

The above named petitioner has requested permission for Outdoor Café Service. This service will convene from April 1 through November 30, 2009.

The Department of Public Works/City Engineering Division (DPW/CED) who has jurisdiction over temporary encroachment on City right-of-ways has approved this request contingent upon the petitioners compliance with applicable City Ordinance related to outdoor café activities and the remittance of the annual use-permit fee to the Permit Section of the DPW/CED.

The Department of Health and Wellness Promotion (DHWP) has approved this petition, subject to petitioners strict adherence to the 1999 Food Code, Food Law of 2000 and City Ordinance, Chapter 21. No outdoor grilling is permitted without prior approval from DHWP Food Sanitation Section.

The approval from the Central District Precinct of the Police Department does not cover serving liquor in the outdoor café area until the Detroit Police Department Liquor License Bureau has given approval.

The Planning and Development Department (P&DD) is not aware of any objections from any other City Agencies involved. It is the recommendation of the P&DD that the petitioner's request be granted subject to the terms and conditions provided in the attached Resolution.

Honorable City Council:

Re: Address: 1351 Green. Name: Ramiro Morales. Date ordered removed: February 24, 2009 (J.C.C. p. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on March 16, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of March 11, 2009.

The proposed use of the property is owner occupancy. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
AMRU MEAH  
Director

**TESTIMONIAL RESOLUTIONS AND SPECIAL PRIVILEGE**

**TESTIMONIAL RESOLUTION In Memory of Freedom Fighter Extraordinaire "REPARATIONS" RAY JENKINS (May 23, 1920-April 10, 2009)**

By ALL COUNCIL MEMBERS:

WHEREAS, Raymond Jenkins was given the name, "Reparations Ray", during one of his daily ritual calls to the morning drive talk show "Wake Up Detroit". However, decades before the world began to identify him as "Reparations Ray", Raymond Jenkins had distinguished himself as a fearless warrior for the rights of Africans in America, and as a proud, self-determined visionary who was singular, and unquenchable in his lifelong pursuit of reparations, and

WHEREAS, Reparations Ray was a Realtor, a businessman, a precinct delegate, an elected member of the Detroit Council of Elders, a civic leader, founder of the Detroit Chapter of the National Coalition of Blacks for Reparations in America (N'COBRA), and life member Emeritus of the National N'COBRA board, and

WHEREAS, Reparations Ray was among the founders of the Freedom Now Party, the independent Black political party formed by the Reverend Albert Cleage/aka Jaramogi Abebe Agyeman (founder of the Shrines of the Black Madonna). He was also the 'secret weapon' who helped the National NAACP adopt Reparations and passage of HR 40 as part of its national legislative priorities in 1994 as a "special delegate" sponsored by the Detroit Branch NAACP, and

WHEREAS, Reparations Ray was the driving force behind the Democratic National Committee adding passage of HR40 and support for Reparations to the party plank in 1996 during President Clinton's second term in Washington, D.C. He was a member of the planning committee led by Rev. Dr. C. L. Franklin in 1963 to host Rev. Dr. Martin Luther King's March down Woodward, when Dr. Martin Luther King first delivered "I Have A Dream." He was a pivotal force behind the success of the 2001 United Nations World Conference Against Racism in Durban, South Africa and he personally insured that Detroit would have a strong delegation present to declare that "The Trans Atlantic Slave Trade was a crime against humanity, and should always have been so"; he was a founding member of the Detroit chapter of the National Association of Realtors and a founding member of the Thursday Luncheon Group, and

WHEREAS, Reparations Ray was a native of Memphis, Tennessee, and a graduate of Booker T. Washington High School, where he was Senior Class President of a class that included Reverend Dr. Benjamin L. Hooks. He was a longtime member of St. John's C.M.E. Church on Woodward Avenue; and a frequent attendee at Greater Quinn A.M.E. Church, where he was an "honorary" member. NOW THEREFORE BE IT

RESOLVED, That Council Member Jo Ann Watson and the entire Detroit City Council extends our prayer, love and sympathy to his loving wife, Geraldine, adoring children Ricardo and La Juana, beloved grandchildren, and the entire Jenkins family, his Activist & Movement family and a grateful Detroit community. Reparations Ray Jenkins will be eternally honored for his lifelong commitment to the fight for Reparations, which he believed should include college education at no cost to any African descendant. Long Live the Spirit of Reparations Ray! Long Live the Spirit of Reparations Ray!

Adopted as follows:

Yeas — Council Members S. Cockrel, Collins, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President Conyers — 8.  
Nays — None.

And the Council then adjourned.

## Invocation

I will lift up my eyes unto the hills which cometh my help, my help cometh from the Lord.

Oh gracious and eternal God, we come once more and again to give you praise and to give you thanks. We thank you, Oh God, for what you have done for us and for what you are getting ready to do. Oh God, we ask you to breathe on this place. We ask, Oh God, that you will touch these servants that you given to lead your people in the City of Detroit. We ask, Oh God, that you will touch their feet and allow them to walk by faith and not by sight. Touch their hands that they put them to the plow and do your work. Touch their minds and cover them that they might think right, do right and be right unto your will and unto your way. Oh God, cover them that they might do your work and do it well.

We ask that you will bless them. We are in need of a blessing in this City and we ask that you will give it to them so that they may do your will for your people. Oh God, we know that you are able to do anything but fail. We know that you are able to touch and things will move; obey our will and that is all that we have come to do. Fix us, mold us, bend us and we will forever give you the praise in the only name and the Blessed name. O God, of Abraham, Isaac, Jacob we speak.

And the saints of God said together, Amen.

6. Submitting reso. autho. one (1) Application for Neighborhood Enterprise Zone Certificate for Woodbridge Estates Area.

In a different comparison the first eight months of the current Fiscal Year compared with the same time period in the prior Fiscal Year shows that the receipts are down by 1.45%. There is not a one-to-one relationship between the adjusted gross receipts and the tax revenue collection increase due to the fact that MGM and Motor City casinos began paying the city 1% less because of the permanent casinos opening on October 3, and November 29, 2007, respectively, part of Sate Public Act 306 of 2004, when the legislature amended Public Act 69 of 1997, etc.).**

Your Honorable Body, through Council Member Sheila M. Cockrel, requested the above-referenced proposed ordinance. On July 29, 2008 your Honorable Body repealed Chapter 55, Article IX, Division 3, of the 1984 Detroit City Code, *Bicycle Licensing*, which required the licensing of bicycles and provided penalties for the operation of unlicensed bicycles. The ordinance was repealed effective August 13, 2008.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage. This proposed ordinance amends Chapter 55, Article IX, of the 1984 Detroit City Code, *Motorcycles, Motor-Driven Cycles and Bicycles*, by adding Division 3, *Voluntary Bicycle Registration*, which shall consist of Sections 55-9-41 through 55-9-49. The proposed ordinance states the purpose of the division; defines the terms "bicycle," "city," "decal," "registrant," and "registration certificate"; authorizes the Police Department to register bicycles; provides requirements for a registration numbering system and database; authorizes fees for such registration; permits residents of the City of Detroit to voluntarily register their bicycles with the Police Department; provides for application and payment of fee; makes Police Department responsible for issuing registration certificate and affixing corresponding decal to bicycle; mandates that decal remain affixed to bicycle until ownership transfers; authorizes the Police

Department to etch, or imprint, identification numbers on bicycle frames which lack, or have illegible, serial numbers; provides that registration is effective during ownership of bicycle and non-transferable; requires notification of change of address and telephone number; and provides for disposition of bicycles where registrants fail to make notification.

We are available to answer any questions your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Honorable City Council:

Re: Request Permission to Authorize Hybrid Films Inc. to Produce the Documentary Series Parking Wars.

Hybrid Films, Inc., proposes to produce a documentary series entitled: Parking Wars, featuring the Municipal Parking Department of the City of Detroit. While the series is of course entertainment, Hybrid proposes that it may humanize the often stereotyped and misunderstood work of parking enforcement, which may lead to increased parking enforcement revenue.

The term of the agreement will be at least four production cycles, at the discretion of Hybrid. Each production cycle (covering a number of episodes) requires approximately 100 days of production on site over a period of nine months. An additional two production cycles will be subject to termination by either party. The first production cycle will begin April 2009, and end December 31, 2009.

The Detroit Film Office requests permission to authorize the Municipal Parking Department and the Detroit Film Office to enter into a film production agreement on behalf of the City of Detroit with Hybrid Films, Inc. to document the activities of the Municipal Parking Department Parking Violations as described above.

The Detroit Film Office requests that your Honorable Body adopt the proposed resolution (attached).

Director, Detroit Film Office

Re: Resolution Approving a Continuing Disclosure Agreement with Respect to City of Detroit, Michigan Sewage Disposal System Senior Lien Revenue Refunding Bonds (Modal Fixed Rate), Series 2001(C-1) and Sewage Disposal System Senior Lien Revenue Bonds (Modal Fixed Rate), Series 2003(B).

The City adopted a Master Continuing Disclosure Agreement in November 1995 applicable to all Sewage System bonds by resolution of the City Council.

Although it was anticipated at the time of issuance of the Variable Rate Bonds in 2001 and 2003, that upon conversion the Fixed Rate Bonds would be subject to the Master Continuing Disclosure Agreement, it is now in the City's best interests to enter into a new continuing disclosure agreement with respect to the Fixed Rate Bonds rather than make them subject to the Master Continuing Disclosure Agreement.

It is anticipated that the conversion from variable rate to fixed rate bonds will occur in early May. Bond Counsel has prepared the attached Resolution and I recommend its adoption by your

Honorable Body, with waiver of reconsideration, at your next formal session.

**A RESOLUTION APPROVING  
A CONTINUING DISCLOSURE  
AGREEMENT WITH RESPECT TO  
CITY OF DETROIT, MICHIGAN  
SEWAGE DISPOSAL SYSTEM SENIOR  
LIEN REVENUE REFUNDING BONDS  
(MODAL FIXED RATE), SERIES  
2001(C-1) AND SEWAGE DISPOSAL  
SYSTEM SENIOR LIEN REVENUE  
BONDS (MODAL FIXED RATE),  
SERIES 2003(B)**

Whereas, The City of Detroit, Michigan (the "**City**"), pursuant to Ordinance No. 27-86, as amended and supplemented, and Ordinance No. 18-01, which amended and restated Ordinance No. 27-86 (collectively, the "**Bond Ordinance**"), issued its Sewage Disposal System Senior Lien Revenue Refunding Bonds (Variable Rate Demand), Series 2001(C-1) and its Sewage Disposal System Senior Lien Revenue Bonds (Variable Rate Demand), Series 2003(B) (collectively, the "**Variable Rate Bonds**") to finance or refinance the costs of acquiring and constructing repairs, extensions and improvements to the City's Sewage Disposal System (the "**System**"); and

Whereas, The Variable Rate Bonds are payable from the Net Revenues (as defined in the Bond ordinance) of the System and secured by a statutory lien upon the whole of the Net Revenues; and

Whereas, The Variable Rate Bonds were exempt from the continuing disclosure requirements contained in Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (17 CFR Part 240), §240.15c2-12 (the "**Rule**"), which provides that an underwriter shall not purchase or sell state or local government bonds in a primary offering on or after July 3, 1995 unless the underwriter has reasonably determined that the issuer has undertaken to provide certain financial information and other material operating data with respect to the issuer and notices of certain specified events; and

Whereas, Pursuant to the Rule, the City adopted a Master Continuing Disclosure Agreement (the "**Master Continuing Disclosure Agreement**") which is applicable to all System bonds made subject thereto by a resolution of the City Council of the City Council of the City (the "**Council**"); and

Whereas, The City intends to remarket the Variable Rate Bonds in the Modal Fixed Rate Mode (as defined in the applicable Variable Rate Mode Supplement and Agreement entered into in con-

nection with the issuance of the Variable Rate Bonds), hereinafter referred to as the "**Fixed Rate Bonds**"; and

Whereas, The Fixed Rate Bonds will be subject to the Rule; and

Whereas, Although it was anticipated at the time of issuance of the Variable Rate Bonds, that upon conversion the Fixed Rate Bonds would be subject to the Master Continuing Disclosure Agreement, the Finance Director has determined that it is now in the City's best interests to enter into a new continuing disclosure agreement with respect to the Fixed Rate Bonds rather than make them subject to the Master Continuing Disclosure Agreement.

Now Therefore, Be It Resolved by the Council that:

Section 1. Approval of Continuing Disclosure Agreement. The Continuing Disclosure Agreement with Respect to City of Detroit, Michigan Sewage Disposal System Senior Lien Revenue Refunding Bonds (Modal Fixed Rate, Series 2001(C-1) and Sewage Disposal System Senior Lien Revenue Bonds (Modal Fixed Rate), Series 2003(B) (the "**Continuing Disclosure Agreement**"), substantially in the form attached as Exhibit A hereto, with such changes, omissions, insertions and revisions as the Mayor, the Finance Director or the Director of the Department of Water and Sewerage of the City (each, including anyone acting in such position in an interim or an acting capacity, an "**Authorized Representative**") shall deem advisable or appropriate and not materially adverse to the City, is authorized and approved for execution on behalf of the City. Any Authorized Representative is authorized to execute the Continuing Disclosure Agreement.

Section 2. Effective Date. This Resolution shall take effect immediately upon its adoption.

Honorable City Council:

Re: Amended and Restated Resolution authorizing the Issuance and Sale of not to exceed \$97,195,000 Tax Anticipation Notes, Series.

Detroit City Council adopted a resolution on December 9, 2008 authorizing the issuance of the Series 2009 Tax Notes. It was originally anticipated that the Series 2009 Revenue Notes and the Series 2009 Tax Notes would be issued concurrently under the terms of the Original Note Resolution.

It is necessary for the City Council to amend and restate the Original Note Resolution with respect to the Tax Notes, in order to sell the Tax Notes under the most favorable conditions for the City. In addition to ad valorem property taxes, the Series 2009 Tax Notes should also be secured by and payable from a pledge of income taxes levied by the City.

It is anticipated that the sale will occur April, 2009. The attached Resolution has been prepared by Bond Counsel and I recommend its adoption by your Honorable Body, with waiver of reconsideration, at your next formal session.

Respectfully submitted,

JOSEPH L. HARRIS

Finance Director

WHEREAS, The City of Detroit, a municipal corporation (the "City") of the State of Michigan (the "State"), has been duly created under the provisions of the Home Rule City Act of the State, Act 279, Public Acts of 1909, as amended ("Act 279"), pursuant to which the City has the comprehensive home rule power conferred upon it by Act 279 and the Constitution of the State of 1963 (the "Constitution"), subject only to the limitations on the exercise of that power contained in the Constitution, by statute of the State or by provisions of the City Charter of the City (the "City Charter"); and

WHEREAS, Pursuant to the City Charter, the City may borrow money for any purpose within the scope of its powers, may issue bonds or other evidences of indebtedness therefor, and may, when permitted by law, pledge the full faith credit and resources of the City for the payment of those bonds or other evidences of indebtedness; and

WHEREAS, The City is defined to be a

"municipality" under Act 34 that has the power to issue a security such as a bond, note, contract, obligation or other similar instrument under the provisions of Act 34; and

WHEREAS, Pursuant to Act 34, Act 279 and the City Charter, the City may issue short-term municipal securities payable in the next succeeding fiscal year to pay for operating expenditures of the City, as defined in Act 34, for the current fiscal year (2008/2009) in anticipation of the collection of operating taxes of the City, consisting of (i) ad valorem property taxes levied on all taxable property in the City in the next succeeding fiscal year (2009/2010) (the "Pledged Property Taxes"), and (ii) City income taxes levied and collected from time to time in the next succeeding fiscal year (2009/2010) (the "Pledged Income Taxes" and, together with the Pledged Income Taxes, the "Pledged Taxes"); and

WHEREAS, On December 9, 2008, this City Council adopted a resolution (the "Original Note Resolution") authorizing the issuance of the Series 2009 Tax Notes, as hereinafter defined, and revenue notes (the "Revenue Notes") payable in anticipation of revenue sharing payments to be received by the City in the next succeeding fiscal year under the Glenn Steil Revenue Sharing Act of 1971, Act 140 Public Acts of Michigan, 1971, as amended; and

WHEREAS, It was originally anticipated that the Revenue Notes and the Series 2009 Tax Notes would be issued concurrently under the terms of the Original Note Resolution, however, the City Council has determined, upon information and advice provided by the Finance Director of the City (the "Finance Director"), that in order to sell the Tax Notes with the most favorable conditions for the City, in addition to ad valorem property taxes levied for operating purposes, the Series 2009 Tax Notes should also be secured by and payable from a pledge of income taxes levied by the City to pay a portion of City operating expenses; and

WHEREAS, Under Act 34, this City Council may adopt a resolution authorizing the issuance of a municipal security in anticipation of the collection of Pledged Taxes (the "Series 2009 Tax Notes" or the "Series 2009 Notes"), which resolution shall contain an irrevocable provision for the levying of taxes in and for the next succeeding fiscal year of the City (2009/2010)

in order to repay the Series 2009 Tax Notes from the receipt of such Pledged Taxes; and

WHEREAS, Under Act 34, the issuance of tax notes to pay operating expenditures of the City shall not exceed 50% of the operating tax levy for the current fiscal year or, if the operating tax levy for the next succeeding fiscal year is determined, then 50% of the levy for next succeeding fiscal year (the "Tax Note Test"); and

WHEREAS, The operating tax levy for the next succeeding fiscal year has not yet been determined; and

WHEREAS, On June 30, 2008, the City issued \$89,685,000 of its Tax Anticipation Notes, Series 2009 (the "Outstanding TANS"), which mature on March 31, 2009, are payable from taxes payable to the City during the City's 2008/2009 fiscal year, and therefore are not governed by this Resolution and are not subject to the Tax Note Test provided herein; and

Notwithstanding the foregoing, if the City's Finance Director provides a certificate containing updated information prior to the delivery of the Series 2009 Tax Notes indicating that the maximum amount of Series 2009 Tax Notes may be higher than the amounts set forth in Section 3 hereof and remain in compliance with the requirements of the Tax Note Test, then the maximum amount of the Series 2009 Tax Notes authorized in this Section 4 (including any original issue premium) shall be increased to the maximum amount allowable pursuant to the Tax Note Test, subject to approval of such increased amount by the Michigan Department of Treasury.

The proceeds of the Series 2009 Notes shall be used to pay for operating expenditures of the City, as defined in Act 34, and to pay Issuance Costs, such amounts in each case to be finally determined in the Sale Order. The Series 2009 Tax Notes shall be issuable as one or more separate

The Series 2009 Tax Notes shall be issued as fixed rate notes or as variable rate notes in such amounts as determined in the Sale Order, shall be numbered in some convenient manner, and shall mature on the Maturity Date as shall be determined in the Sale Order. In the event that the Series 2009 Notes are prepaid prior to the Maturity Date, the Series 2009 Notes may be subject to a prepayment charge as determined by the Finance Director and set forth in the Sale Order and the form of the Series 2009 Notes as delivered.

The Series 2009 Notes shall bear interest at a rate or rates determined in the Sale Order (the "Base Rates"), but within the limitations of Act 34. The Series 2009 Notes may bear interest at a default rate in excess of the Base Rates and the Base Rates may be subject to increase if the Series 2009 Notes are deemed taxable or if there is a change in law which reduces the yield on the Series 2009 Notes to the registered owners thereof, all subject to the terms and conditions approved by the Finance Director and as specified in the Sale Order and in the final form of the Series 2009 Notes. In the event that due to the foregoing interest rate adjustments the effective rate on the Series 2009 Tax Notes exceeds the maximum permissible rate thereof, the Finance Director is authorized to adjust subsequent interest payments to the registered owners of the Series 2009 Notes in the manner as determined by the Finance Director and confirmed in the Sale Order and the final form of the Series 2009 Notes. The Series 2009 Tax Notes may be sold at an aggregate net discount (distinct from any compensation to be paid to the Underwriters in the form of a discount or any other Issuance Costs payable from the Series 2009 Notes) of not greater than 3%, all as shall be determined in the Sale Order, provided that the true interest cost (TIC) of the Series 2009 Tax Notes based upon the initial Base Rates shall not be greater than 8.00%. Except as hereinafter provided, interest on each of the Series 2009 Tax Notes shall be payable at the applicable Maturity Date to the registered owner of record as of the applicable Regular

Record Date. Interest on the Series 2009 Tax Notes shall be calculated on such basis as is set forth in the Sale Order. The principal and interest of the Series 2009 Notes shall be payable at the Transfer Agent as principal paying agent or at such other co-paying agents as may be designated in the Sale Order, upon presentation and surrender of the appropriate Series 2009 Notes.

The Series 2009 Notes shall be dated such date or dates as determined in the Sale Order and will be issued in Authorized Denominations. The registered owner of any Series 2009 Tax Note may exchange such Series 2009 Note for other Series 2009 Tax Notes, of the same series and like maturity in Authorized Denominations by surrendering the Series 2009 Notes to be exchanged at the designated office of the Transfer Agent, together with an assignment duly executed by the registered owner therefor or his attorney or legal representative in such form as shall be satisfactory to the Transfer Agent.

All of the Series 2009 Notes will be issued in a book-entry system of registration, and actual purchasers of the Series 2009 Notes will not receive certified Series 2009 Notes; provided, however, that the Finance Director may determine not to continue the system of book-entry registration, in which event fully registered note certificates, subject to the transfer and exchange requirements of this Resolution, shall be issued to the registered owners of the Series 2009 Notes. It is intended that the Series 2009 Notes be registered so as to participate in a securities depository system (the "DTC System") with DTC, as set forth herein. Each of the Series 2009 Tax Notes shall be initially issued in the form of a separate single fully registered note in the amount of each separate stated maturity thereof, if any. Upon initial issuance, the ownership of each such Series 2009 Note shall be registered in the name of Cede & Co., as the nominee of DTC, and except as provided below with respect to termination of the book-entry only system, all of the outstanding Series 2009 Notes shall be registered in the name of Cede & Co., as the nominee of DTC. The Finance Director is authorized to execute and deliver such letters to or agreements with DTC as shall be necessary to effectuate the DTC system, including the Representation Letter. At the discretion of the Finance Director as confirmed in the Sale Order, if the Series 2009 Notes are privately placed with a bond purchaser, the bond purchaser shall be the registered owner of the Series 2009 Notes and this paragraph and the following two paragraphs and the provisions of this Resolution regarding the DTC System of registration shall be disregarded and of no force or effect.

With respect to Series 2009 Notes reg-

istered in the name of Cede & Co., as nominee of DTC, the City and the Transfer Agent shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which DTC holds Series 2009 Notes from time to time as securities depository (a "Depository Participant") or to any Person on behalf of whom such a Depository Participant holds an interest in the Series 2009 Notes (an "Indirect Participant"). Without limiting the immediately preceding sentence, the City and the Transfer Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., any Depository Participant or any Indirect Participant with respect to any ownership interest in the Series 2009 Notes, (ii) the delivery to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any notice with respect to the Series 2009 Notes, or (iii) the payment to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any amount with respect to principal of or interest on the Series 2009 Notes. While in the DTC System, no Person other than Cede & Co., or any successor thereto, as nominee for DTC, shall receive a Series 2009 Note certificate evidencing the obligation of the City to make payments of principal and interest pursuant to this Resolution. Upon delivery by DTC to the Transfer Agent of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Resolution with respect to interest checks or drafts being mailed to the registered owner, the word "Cede & Co." in this Resolution shall refer to such new nominee of DTC; and upon receipt of such a notice the Transfer Agent shall promptly deliver a copy of the same to each paying agent, if any.

In the event that (a) the City determines that DTC is incapable of discharging the responsibilities described herein and in the Representation Letter, (b) the Representation Letter shall be terminated for any reason or (c) DTC or the City determines that it is in the best interest of the beneficial owners of any series of the Series 2009 Notes that they be able to obtain certificated notes, the City shall notify DTC and DTC Participants of the availability through DTC of note certificates and such series of the Series 2009 Notes shall no longer be restricted to being registered in the name of Cede & Co., as nominee of DTC. At that time, the City may determine that such series of the Series 2009 Notes shall be registered in the name of and deposited with a successor depository operating a securities depository system, as may be acceptable to the City, or such depository's agent or

designee, and if the City does not select such alternate securities depository system then such series of the Series 2009 Notes may be registered in whatever name or names the registered owners of such series of the Series 2009 Notes transferring or exchanging such series of the Series 2009 Notes shall designate, in accordance with the provisions hereof.

Notwithstanding any other provisions of this Resolution to the contrary, so long as any Series 2009 Note is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of and interest on such Series 2009 Note and all notices with respect to such Series 2009 Note shall be made and given, respectively, in the manner provided in the Representation Letter.

The Series 2009 Notes may or may not be subject to redemption prior to maturity as determined by the Finance Director in the Sale Order.

Section 6. Payment of Series 2009 Tax Notes. The full faith and credit of the City is hereby irrevocably pledged for the payment of principal of and interest on the Series 2009 Tax Notes and in case of insufficiency the Pledged Taxes for the payment thereof, the City hereby irrevocably pledges to levy ad valorem taxes in the 2009/2010 fiscal year of the City on all taxable property in the City, within the applicable constitutional, statutory and charter limitations, for the purpose of paying for a portion of the operating expenditures of the City and for the repayment of the Series 2009 Tax Notes from the receipt thereof.

The City hereby covenants that to secure payment of the Series 2009 Tax Notes, from the first collections of Pledged Property Taxes, there shall be set aside in the Pledged Property Tax Account established under Section 8 hereof, to be used exclusively for the payment of principal and interest on the Series 2009 Tax Notes, a portion of each dollar collected that is not less than 125% of the percentage that the principal amount of the Series 2009 Tax Notes bears to the amount of the Pledged Property Taxes from which such dollar is collected until the amount set aside in the Pledged Property Tax Account is sufficient to pay in full the principal of and interest on the Series 2009 Tax Notes on the applicable Maturity Date. The requirements of the preceding sentence shall apply to each installment of Pledged Property Taxes collected by the City. If the amount of Pledged Property Taxes deposited in the Pledged Property Tax Account is less than the minimum monthly balance requirements (the "Minimum Monthly Balance"), if any, established by the Finance Director under the Sale Order and set forth in the final form of the Series 2009 Tax Notes, the City shall deposit the first collections of Pledged Income Taxes

into the Note Repayment Fund in such amount as required to satisfy such deficiency. If the balance in the Note Repayment Fund exceeds the Minimum Monthly Balance requirements as of any date, the City may withdraw funds from the Pledged Income Tax Account in the amount of such surplus; provided, that funds may not be withdrawn from the Pledged Property Taxes Account even if the amounts on deposit exceed the Minimum Monthly Balance requirements.

Subject to Section 8 hereof, moneys on deposit in the Note Repayment Fund may be used only to pay the outstanding principal of and interest on the Series 2009 Tax Notes. If the City determines that issuing the Series 2009 Tax Notes will result in a deficiency in the funds available to pay the necessary operating expenditures of the City during the 2009/2010 fiscal year, the City shall levy additional taxes in the future within applicable constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

After the payment in full of all principal of and interest on the Series 2009 Tax Notes at the applicable Maturity Date or thereafter and if the City has no further payment obligations to the holders of such Series 2009 Tax Notes, and the City has paid all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2009 Tax Notes, the balance on deposit in the Note Repayment Fund may be disbursed to the City for use as provided by Act 34 upon the filing with the Transfer Agent of a certificate of the Finance Director stating that no further obligations are due from the City to holders of the Series 2009 Tax Notes or to any credit enhancement provider with respect thereto.

The City hereby covenants as long as the Series 2009 Notes are outstanding, it will not issue any additional obligations payable from the Pledged Taxes on a parity basis with the Series 2009 Notes.

Section 7. Credit Enhancement and Other Agreements. The Finance Director is authorized to obtain and enter into one or more agreements with respect to a letter of credit, policy of bond insurance, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, provided that the Finance Director determines that such credit enhancement is in the best interests of the City. The Finance Director is also authorized to obtain and enter into one or more forward commitments to provide a letter of credit, bond insurance, a surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of

such amount of additional Series 2009 Notes which may be issued subsequent to the initial issues of Series 2009 Notes, as the Finance Director shall determine, provided that the Finance Director determines that such forward commitment for such credit enhancement is in the best interests of the City. The Finance Director is hereby authorized to pay for the cost of such forward commitment from the proceeds of the Series 2009 Notes or any other funds of the City legally available therefor.

In connection with the execution of any of the agreements authorized by this Section 8, the Finance Director is authorized to include in the Sale Order, such covenants and agreements of the City as shall be necessary or appropriate, and, if necessary or appropriate, to appoint a trustee to further secure payment of the Series 2009 Notes and to prescribe the powers and duties of such trustee in the Sale Order.

Section 8. Funds and Accounts: Flow of Funds. There is hereby established pursuant to this Resolution a trust fund to be held by the City and designated the "Note Proceeds Fund Series 2009" for receipt of the proceeds of the Series 2009 Notes, except for accrued interest, if any.

There is hereby established pursuant to this Resolution a special trust fund to be held by the City in a bank account separate from any other money of the City, which bank account may be established with and held by the purchaser of the Series 2009 Notes, as determined by the Finance Director and specified in the Sale Order and designated the "Note Repayment Fund, Series 2009" (the "Note Repayment Fund"). The Finance Director is authorized to establish within the Note Repayment Fund two subaccounts for the Series 2009 Tax Notes designated, the "Pledged Property Tax Account" and the "Pledged Income Tax Account" and such further subaccounts as the Finance Director deems necessary or appropriate. Moneys in the Note Repayment Fund shall not be commingled with any other moneys and shall be used only to pay the Series 2009 Notes. There shall be deposited in the Pledged Property Tax Account the Pledged Property Taxes collected by the City for repayment of the Series 2009 Tax Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 6 hereof. There shall be deposited in the Pledged Income Tax Account, the Pledged Income Taxes received by the City for repayment of the Series 2009 Notes in accordance with the requirements of Section 6 of this Resolution. Until the Series 2009 Notes are paid in full and any obligations to a provider of credit enhancement with respect thereto have been satisfied, money in the Note Repayment Fund shall

be used for no other purpose other than to pay Series 2009 Notes issued under this Resolution.

Anything in this Section 8 to the contrary notwithstanding, in the event the City obtains a direct pay letter of credit to pay principal of and interest on the Series 2009 Tax Notes when due, then within the Note Repayment Fund, there shall be established a Payment and Reimbursement Subaccount and a Credit Facility Drawing Subaccount. All Pledged Taxes set aside in accordance with Act 34 and/or this Resolution shall be deposited in the Payment and Reimbursement Subaccount of the Note Repayment Fund. Amounts drawn on a letter of credit shall be deposited in the Credit Facility Drawing Subaccount and shall be used to pay principal of and interest on the Series 2009 Notes when due. Moneys in a Payment and Reimbursement Subaccount shall first be used to the extent necessary to pay, when due, principal of and interest on the Series 2009 Notes. To the extent that moneys in a Payment and Reimbursement Subaccount are not needed for such purpose as a result of payment of such principal and interest by a draw on a letter of credit, such moneys shall be used to reimburse the applicable letter of credit provider.

Section 9. Series 2009 Note Proceeds. From the proceeds of the sale of the Series 2009 Notes there shall be immediately deposited in the Note Repayment Fund an amount equal to the accrued interest, if any, received on the delivery of the Series 2009 Tax Notes.

The balance of the proceeds of the sale of the Series 2009 Notes shall be deposited in the Note Proceeds Fund Series 2009 and used to pay for Issuance Costs and operating expenditures of the City for the current fiscal year (2008/2009).

Section 10. Series 2009 Note Forms. The Series 2009 Tax Notes shall be in substantially the form set forth in Exhibit A attached hereto, with such changes and additions (including without limitation, to reflect any applicable credit enhancement or requirements of the purchasers of the Series 2009 Notes) as shall be established by the Finance Director pursuant to the Sale Order within the parameters of this Resolution.

Section 11. Covenants Regarding Exclusion of Interest on the Series 2009 Notes for Federal Tax Purposes. The City hereby covenants and represents with the registered owners of the Series 2009 Notes that so long as any of the Series 2009 Notes remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair the exclusion of the interest on the Series 2009 Notes from

gross income for federal income tax purposes under the Code, including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2009 Notes proceeds and moneys deemed to be Series 2009 Notes proceeds, and to prevent the Series 2009 Notes from being or becoming "private activity bonds" as that term is used in Section 141 of the Code or an "arbitrage bond," as that term used in Section 148 of the Code.

Section 12. Continuing Disclosure. Unless otherwise set forth in the Sale Order because of an exemption from Rule 15c-2-12 (the "Rule"), the City hereby agrees to abide by the provisions of the Rule so long as any Series 2009 Notes are outstanding. The Finance Director is hereby authorized to execute one or more continuing disclosure undertakings of the City which comply with the provisions of the Rule.

Section 13. Defeasance. In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay at maturity or irrevocable call for earlier optional redemption, the principal of, premium, if any, and interest on the applicable series of the Series 2009 Notes shall be deposited in trust, this Resolution shall be defeased in respect of such Series 2009 Notes and the owners of such Series 2009 Notes shall have no further rights under this Resolution except to receive payment of the principal of, premium, if any, and interest on such Series 2009 Notes from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange notes as provided herein.

Section 14. Sale of Series 2009 Notes.

(a) The Series 2009 Notes shall be sold at negotiated sale to the Underwriters named in the Purchase Contract in a form on file with the Finance Director, with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established herein. Such changes within the parameters of this Resolution shall be conclusively established by the Finance Director's execution and delivery of the applicable Purchase Contract to the representative of the Underwriters (the "Representatives"). The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the applicable Series 2009 Notes wherein the aggregate compensation to be paid to the Underwriters thereof shall not be more than 1% of the original principal amount of the applicable Series 2009 Notes, on

terms and conditions provided in the Purchase Contract approved by the Finance Director. The Finance Director is authorized to negotiate additional terms and covenants with the Underwriters as may be necessary to assure repayment of the debt service on the Series 2009 Notes, which additional terms and covenants shall be incorporated in the Purchase Contract, or the final forms of the Series 2009 Notes and confirmed in the Sale Order.

(b) The sale of the Series 2009 Notes to the Underwriters pursuant to a negotiated sale is hereby approved. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the City Council, based upon the recommendation of the Finance Director and the City's Financial Advisors, that a negotiated sale will allow the Series 2009 Notes to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

The Purchase Contract shall be dated the date of the sale of the applicable Series 2009 Notes. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City and, upon execution by the Representative, to receive the good faith check, if any, described therein.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or, in lieu thereof, to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Purchase Contract) to accept delivery of, and pay for, the Series 2009 Notes.

Section 15. Delegation of Authority to, and Authorization of Actions of, Finance Director.

(a) The Finance Director is authorized to exercise the authority and make the determinations authorized by Section 315(1)(d) of Act 34 and shall determine, in addition to any determinations authorized elsewhere in this Resolution, on the basis of his evaluation of the maximum amount of Series 2009 Tax Notes which can be sold, given anticipated interest rates or for any other reasons, whether to issue the full authorized amount of the Series 2009 Tax Notes as specified in Section 3 of this Resolution and whether to issue the Series 2009 Tax Notes as two or more issues. If the Finance Director determines to offer either of the Series 2009 Tax Notes as more than one issue, then each separate issue shall conform to the requirements established in this Resolution, shall bear a distinctive designation, consistent with the definition of the term "Series 2009 Tax Notes" herein, as shall be determined by the Finance Director. In such case the

Finance Director shall have the power and authority to make all determinations and decisions with respect to each such issue. The Finance Director may also cause the preparation of and approve the form and distribution of one or more preliminary official statements (collectively, the "Preliminary Official Statement") and final official statements (collectively, the "Official Statement") or other offering materials to be used in conjunction with the sale or offering of the Series 2009 Notes and deem any Preliminary Official Statement "final" for purposes of the Rule. The Finance Director shall also determine and establish, in accordance with this Resolution, the Maturity Date or dates for the Series 2009 Notes.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Series 2009 Notes which are necessary or appropriate to carry into effect, consistent with this Resolution, the authorizations herein contained, including without limitation, obtaining financial advisory services, securing ratings by bond rating agencies, acquiring bond insurance, letter of credit, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, printing the Series 2009 Notes (if required), and incurring reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(c) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2009 Notes, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2009 Notes as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(d) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2009 Notes as permitted or required by this Resolution shall be ratified, confirmed and approved in the Sale Order.

(e) Except as set forth in Section 18 hereof, during the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director, any person serving as Finance Director or Deputy Finance Director in an acting or interim capacity, or any person designated by the Mayor in writing shall exercise all the powers, perform all the duties and make all the determinations required or permitted under this Resolution with respect to the Series 2009 Notes.

Section 16. Transfer Agent. The initial note registrar, paying agent, and Transfer Agent for the Series 2009 Notes shall be U.S. Bank National Association, Detroit, Michigan.

Section 17. Execution of Series 2009 Notes. The Mayor and the Finance Director are hereby authorized and directed to execute the Series 2009 Notes by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon or affix thereto the official seal of the City or a facsimile thereof and to deliver the Series 2009 Notes to the Underwriters upon receiving the purchase price therefor in lawful money of the United States. During the Finance Director's absence or disability or while the Finance Director's position is vacant, the person serving as administrative head of the Finance Department shall execute the Series 2009 Notes in place of the Finance Director.

Section 18. Official Statement. Circulation of the Preliminary Official Statement, if any, and the Official Statement by the Underwriters shall be approved by the Finance Director, which approval shall be ratified in the Sale Order. The Finance Director is hereby authorized to execute the Official Statement with respect to the Series 2009 Notes in substantially the form of the Preliminary Official Statement, if any, or in any such form and with such changes as the Finance Director may authorize and containing the business terms set forth in the Sale Order. Anything in this Section 18 to the contrary notwithstanding, in the event that the Series 2009 Notes are privately placed with a bond purchaser, at the discretion of the bond purchaser, and subject to receipt by the City of an appropriate investment certificate from such bond purchaser, the Series 2009 Notes may be sold without a Preliminary Official Statement or final Official Statement.

Section 19. Ratification. All determinations and decisions of the Finance Director and of persons authorized herein to act during the Finance Director's absence or disability, or while the Finance Director's position is vacant, with respect to the issuance and sale of the Series 2009 Notes as permitted or required by this Resolution or by law are hereby ratified, confirmed and approved.

Section 20. Additional Authorization. The Mayor, City Clerk, Finance Director, other officials of the City, and their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions and other papers as may be deemed necessary or appropriate to complete the sale, execution and delivery of the Series 2009 Notes as determined by such persons executing and delivering the foregoing items.

Section 21. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the City and any registered owner of the Series 2009 Notes.

Section 22. Appointment of Note Counsel. The appointment of the law firm of Miller, Canfield, Paddock and Stone, P.L.C., of Detroit, Michigan as Note Counsel for the Series 2009 Notes is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Series 2009 Notes. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C., shall be payable as part of the Issuance Costs from the proceeds of the Series 2009 Notes or other available funds of the City in accordance with the letter of such firm on file with the Finance Director.

Section 23. Repeal; Savings Clause. The provisions of the Original Note Resolution pertaining to the Revenue Notes shall remain in full force and in full effect. All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

Section 24. Severability; Paragraph Headings; and Conflict. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The paragraph headings in this Resolution are furnished for convenience of reference only and shall not be considered to be part of this Resolution.

century squeezing every ounce of joy and happiness she can out of God's grace that has been allowed to blossom in her life. Mrs. Johnson was born in Reynolds, Georgia on Wednesday, April 7, 1909. That happens to be the same day that African-American explorer Matthew Henson became the first man to set foot on the North Pole. A new baby girl had come kicking and screaming into existence to the delight of her mother, the former Ida Perkins, and her father Reverend Elijah Hicks; and

Married three times, Mrs. Johnson has outlived all of her husbands. #### **BUDGET DEPARTMENT**

15. Submitting report in response to Council Member Barbara-Rose Collins' request for a pro con analysis of the Solid

Waste Fee which was adopted in June, 2006 in connection with the Fiscal year 2006-07 Budget. (Department indicates that the purpose of the Solid Waste Fee is/was to recover costs associated with Trash pickup and disposal; the Fee generated \$74,000,000.00, which is \$46,000,000.00 more than the prior Fee the city collected of \$3,000,000.00 to offset some of the cost of Trash pickup and disposal; in Fiscal Year 2008-09 the city was able to eliminate the subsidy to the Solid Waste fund and use reserves set up since this is the last year for debt payment on GDRRA bonds reducing the city cost for disposal by \$33,008,000.00; sufficient to cover normal cost increases, fund a pilot recycling program and eliminate the General Fund Subsidy; in 2009-10 the fee is proposed to be reduced to \$240.00 for residential and \$120.00 for seniors, a 20% reduction; therefore, the fee is essential for the City to have operational balance in our budget an annual revenue to support ongoing operations, which allows the City to maintain the level of service to the citizens. Also the residential Solid Waste Fee was challenged in court and the city prevailed; the alternative to the Fee is a severe reduction in service citywide.)
